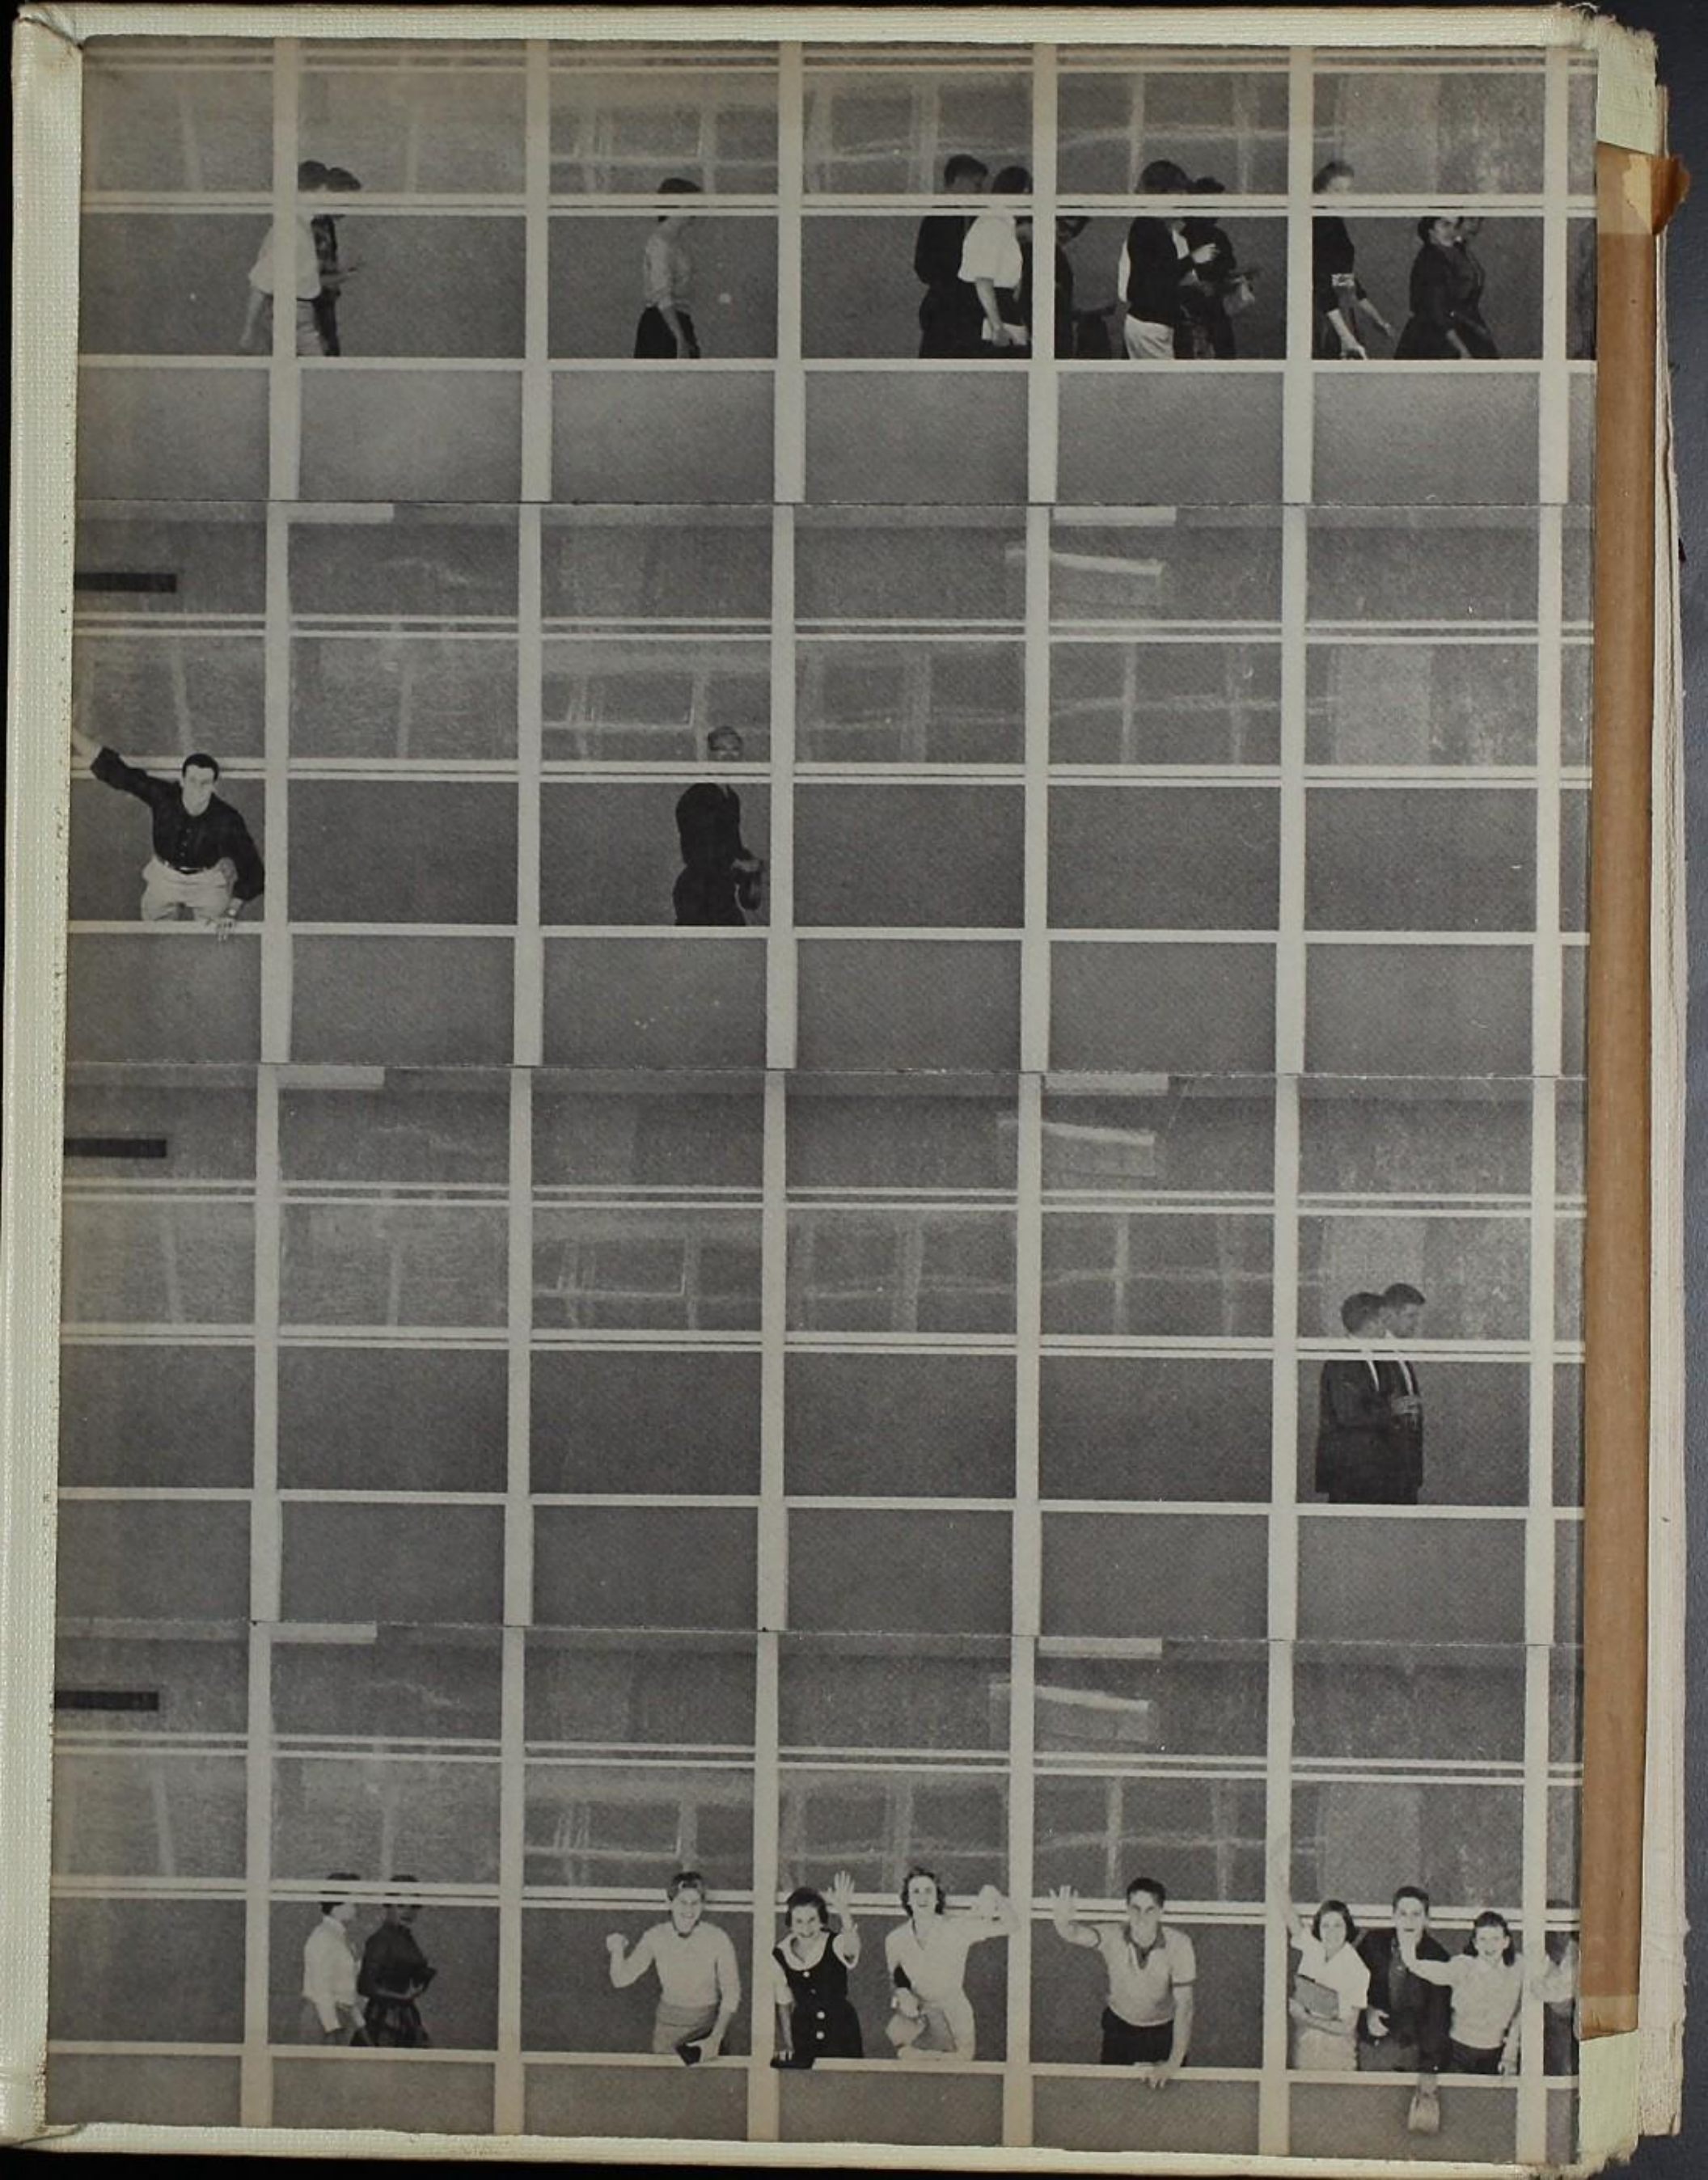
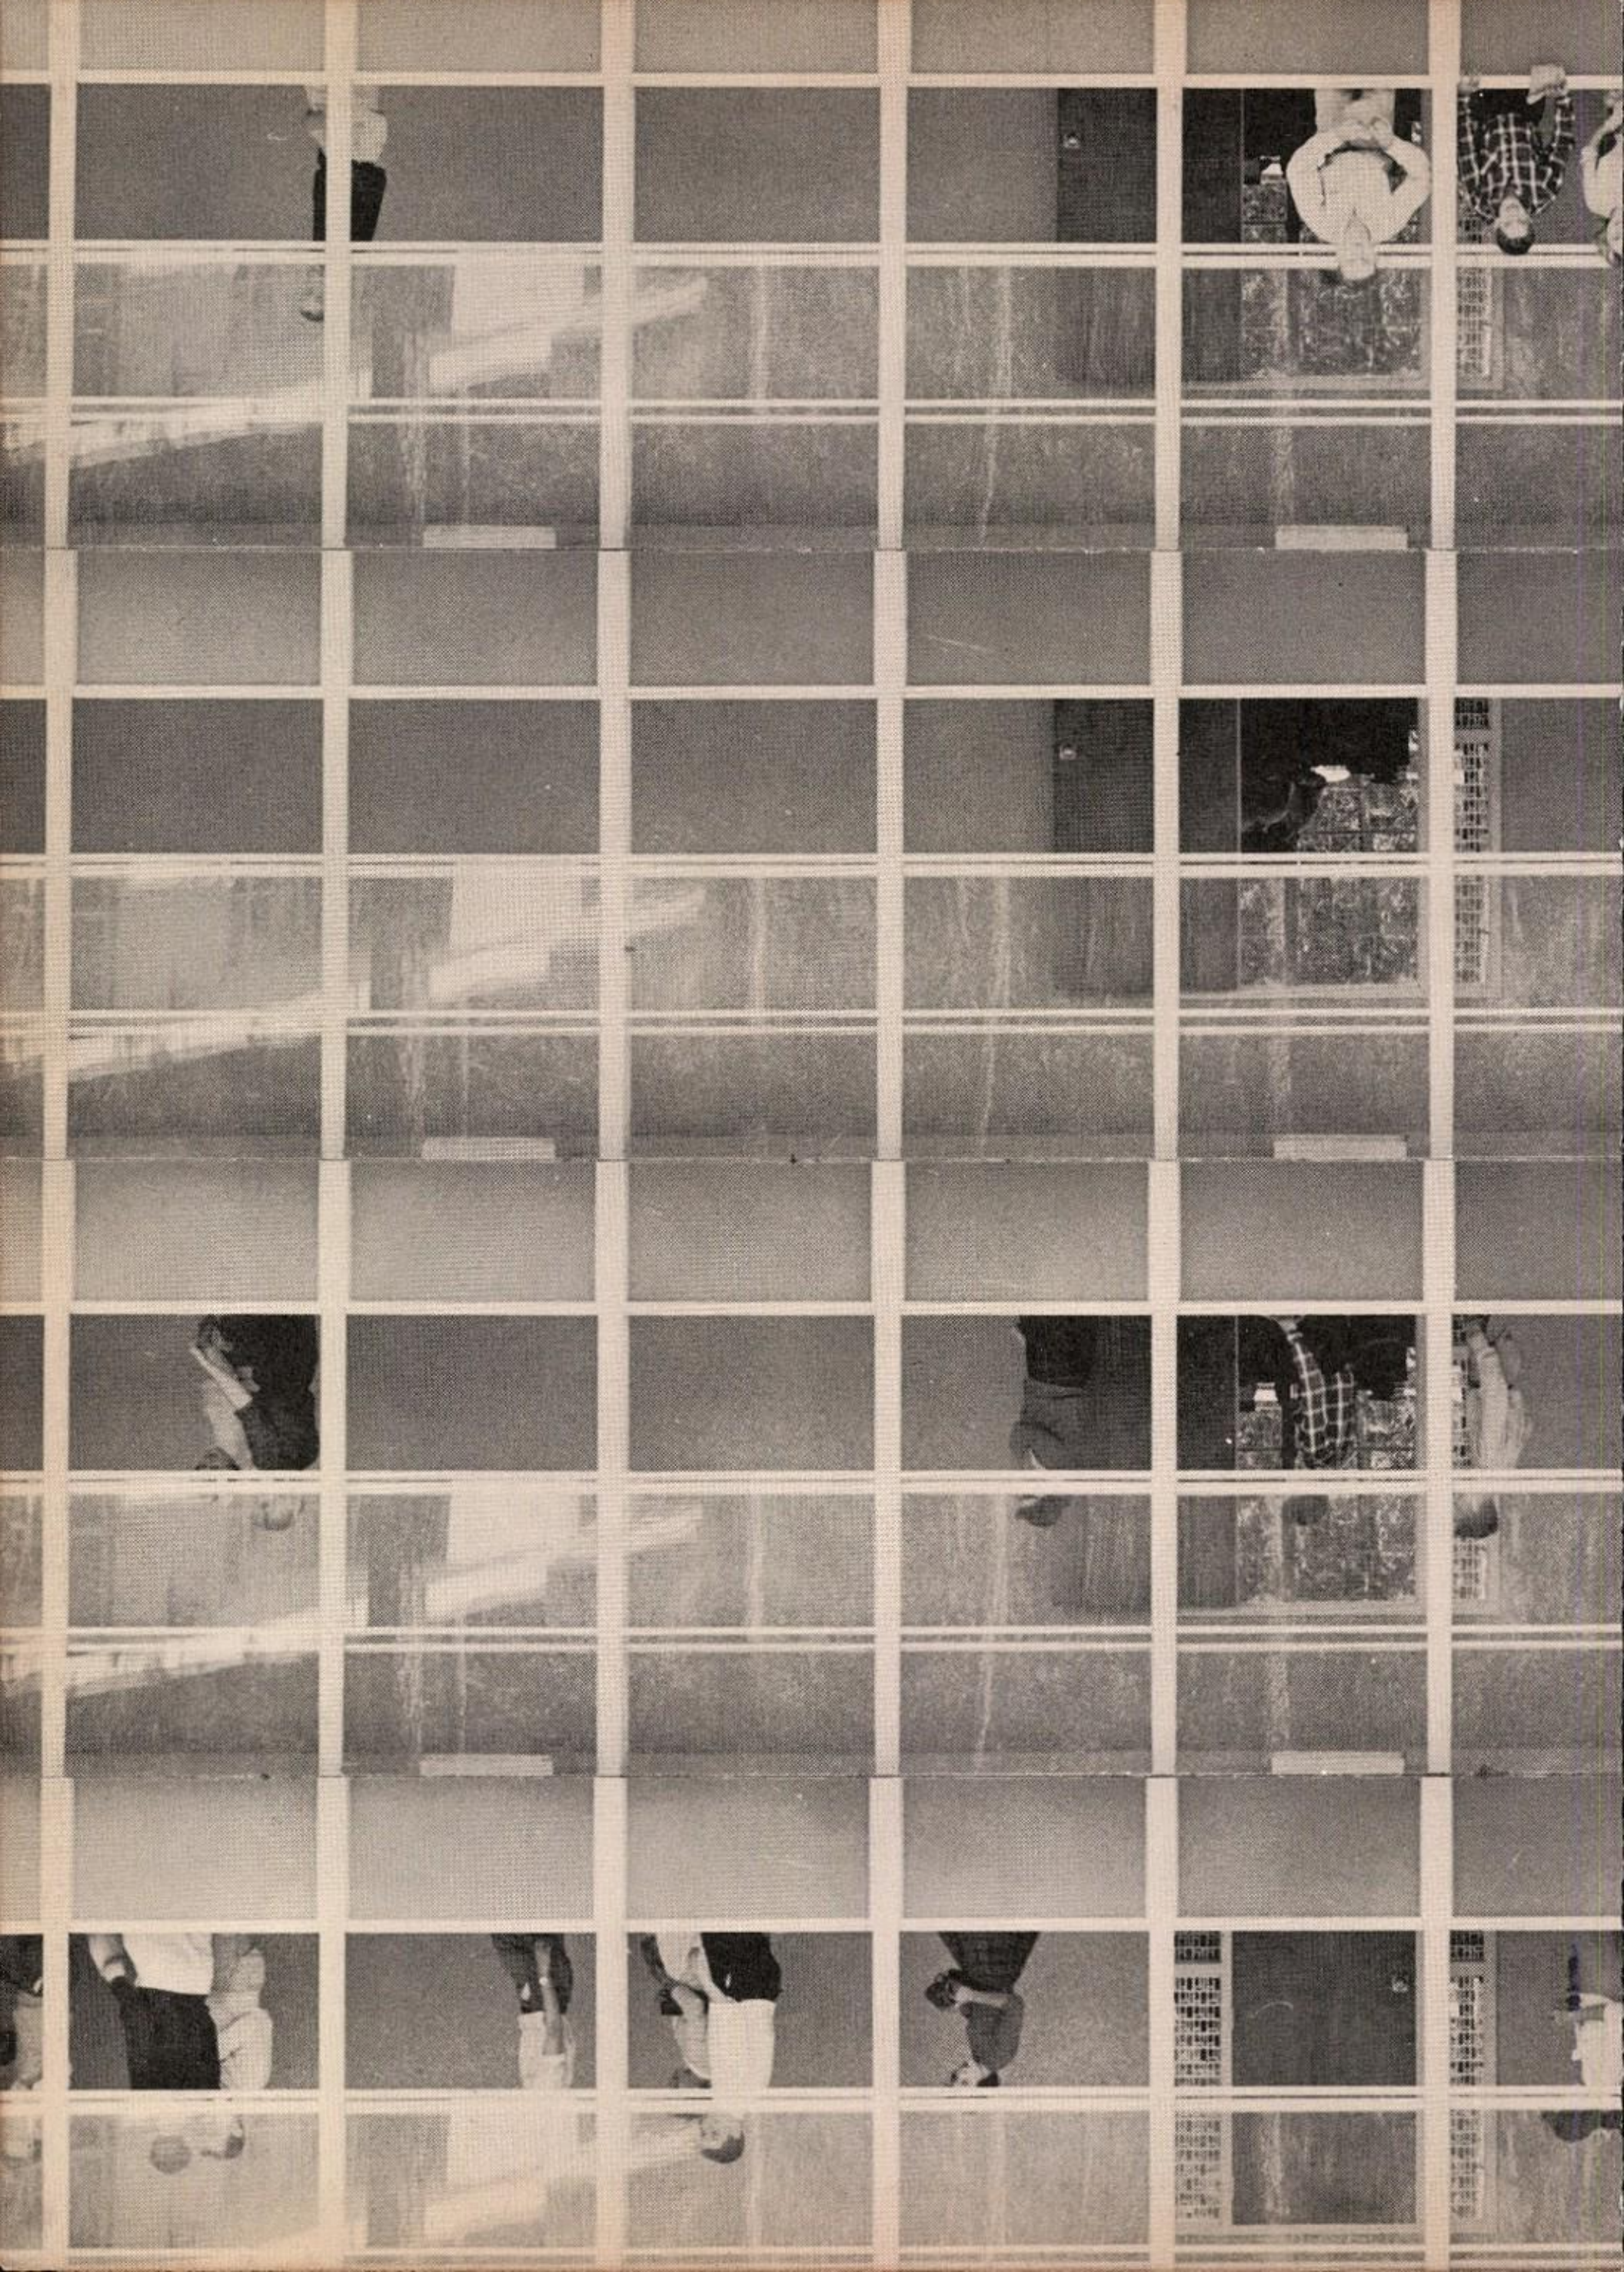
KINKAIDIAN

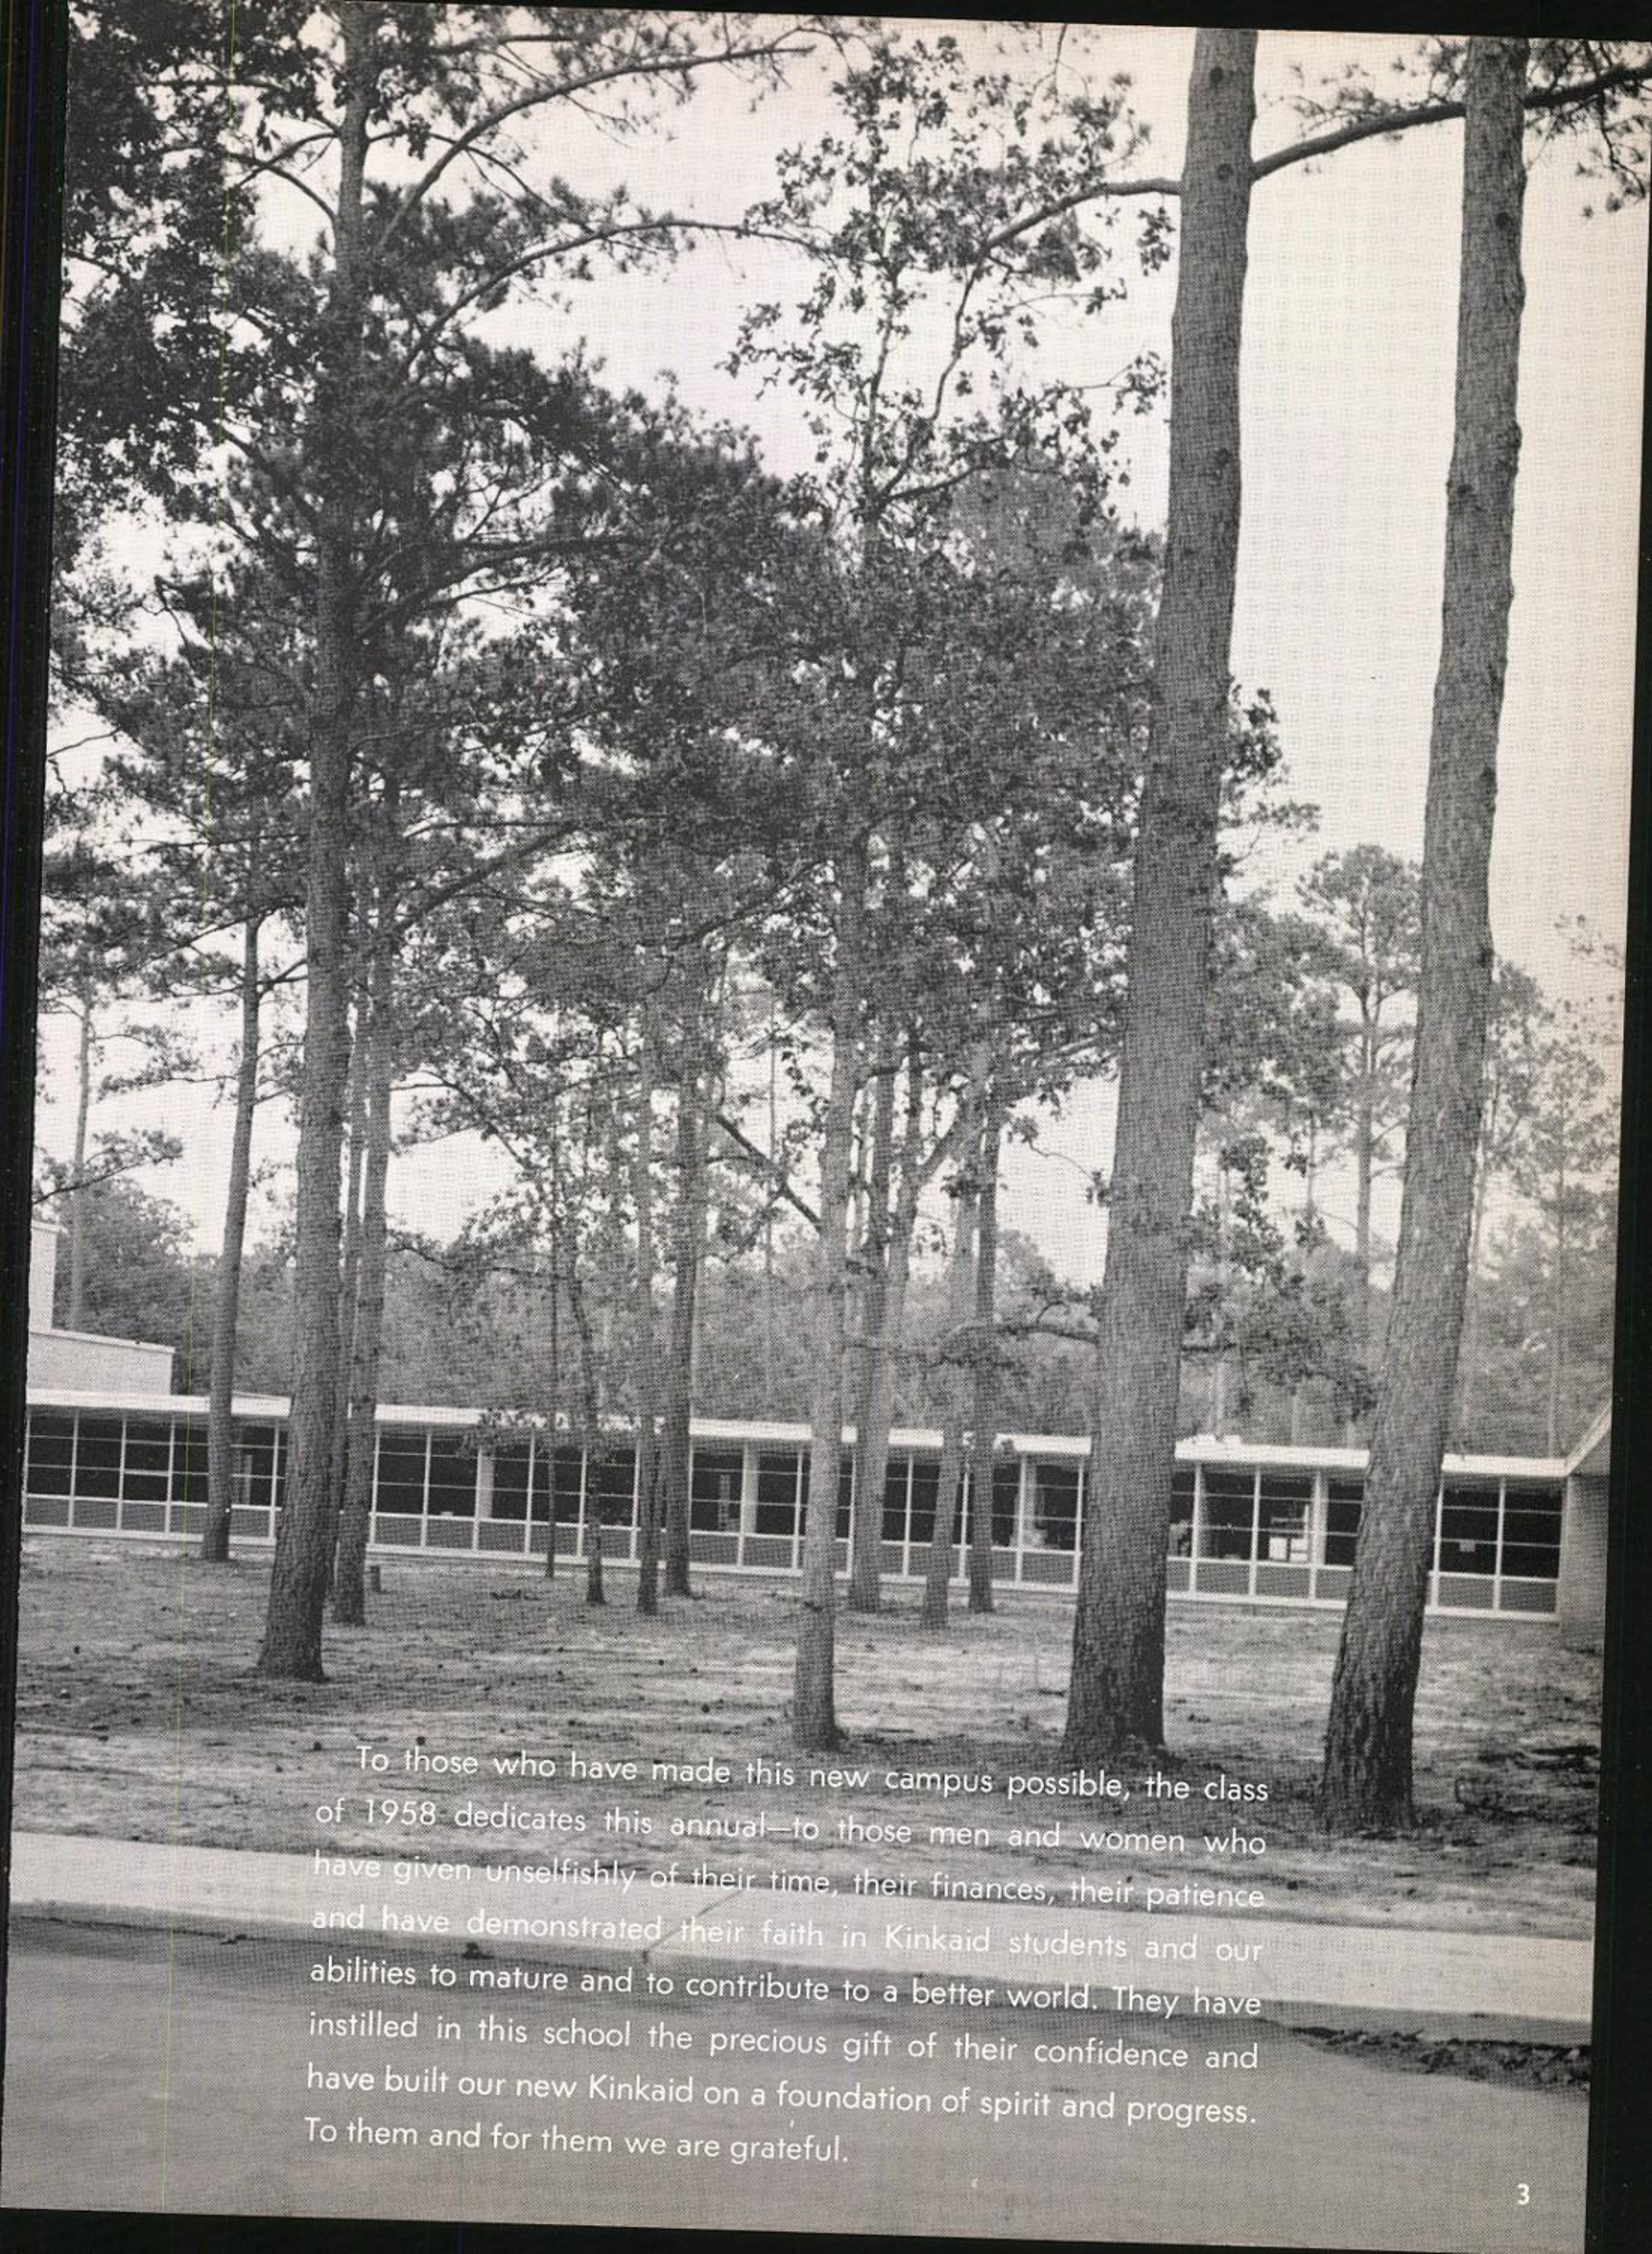
1958





The Kinkaidian
1958

In presenting this annual of 1957, the Kinkaidian staff offers what we feel is an innovation in yearbooks, certainly a fitting tribute to our new environment. This past year we have seen a successful fusion of the old and the new. Tradition has bent to allow new customs to enter; these same customs, perpetuated, will be the enduring spirit that is Kinkaid. We hope that our class has been an important part in launching Kinkaid on its second successful fifty years. May Kinkaid always go confidently into the future, not forgetting to look back into the rich past . . .



To those who have made this new campus possible, the class of 1958 dedicates this annual—to those men and women who have given unselfishly of their time, their finances, their patience and have demonstrated their faith in Kinkaid students and our abilities to mature and to contribute to a better world. They have instilled in this school the precious gift of their confidence and have built our new Kinkaid on a foundation of spirit and progress. To them and for them we are grateful.

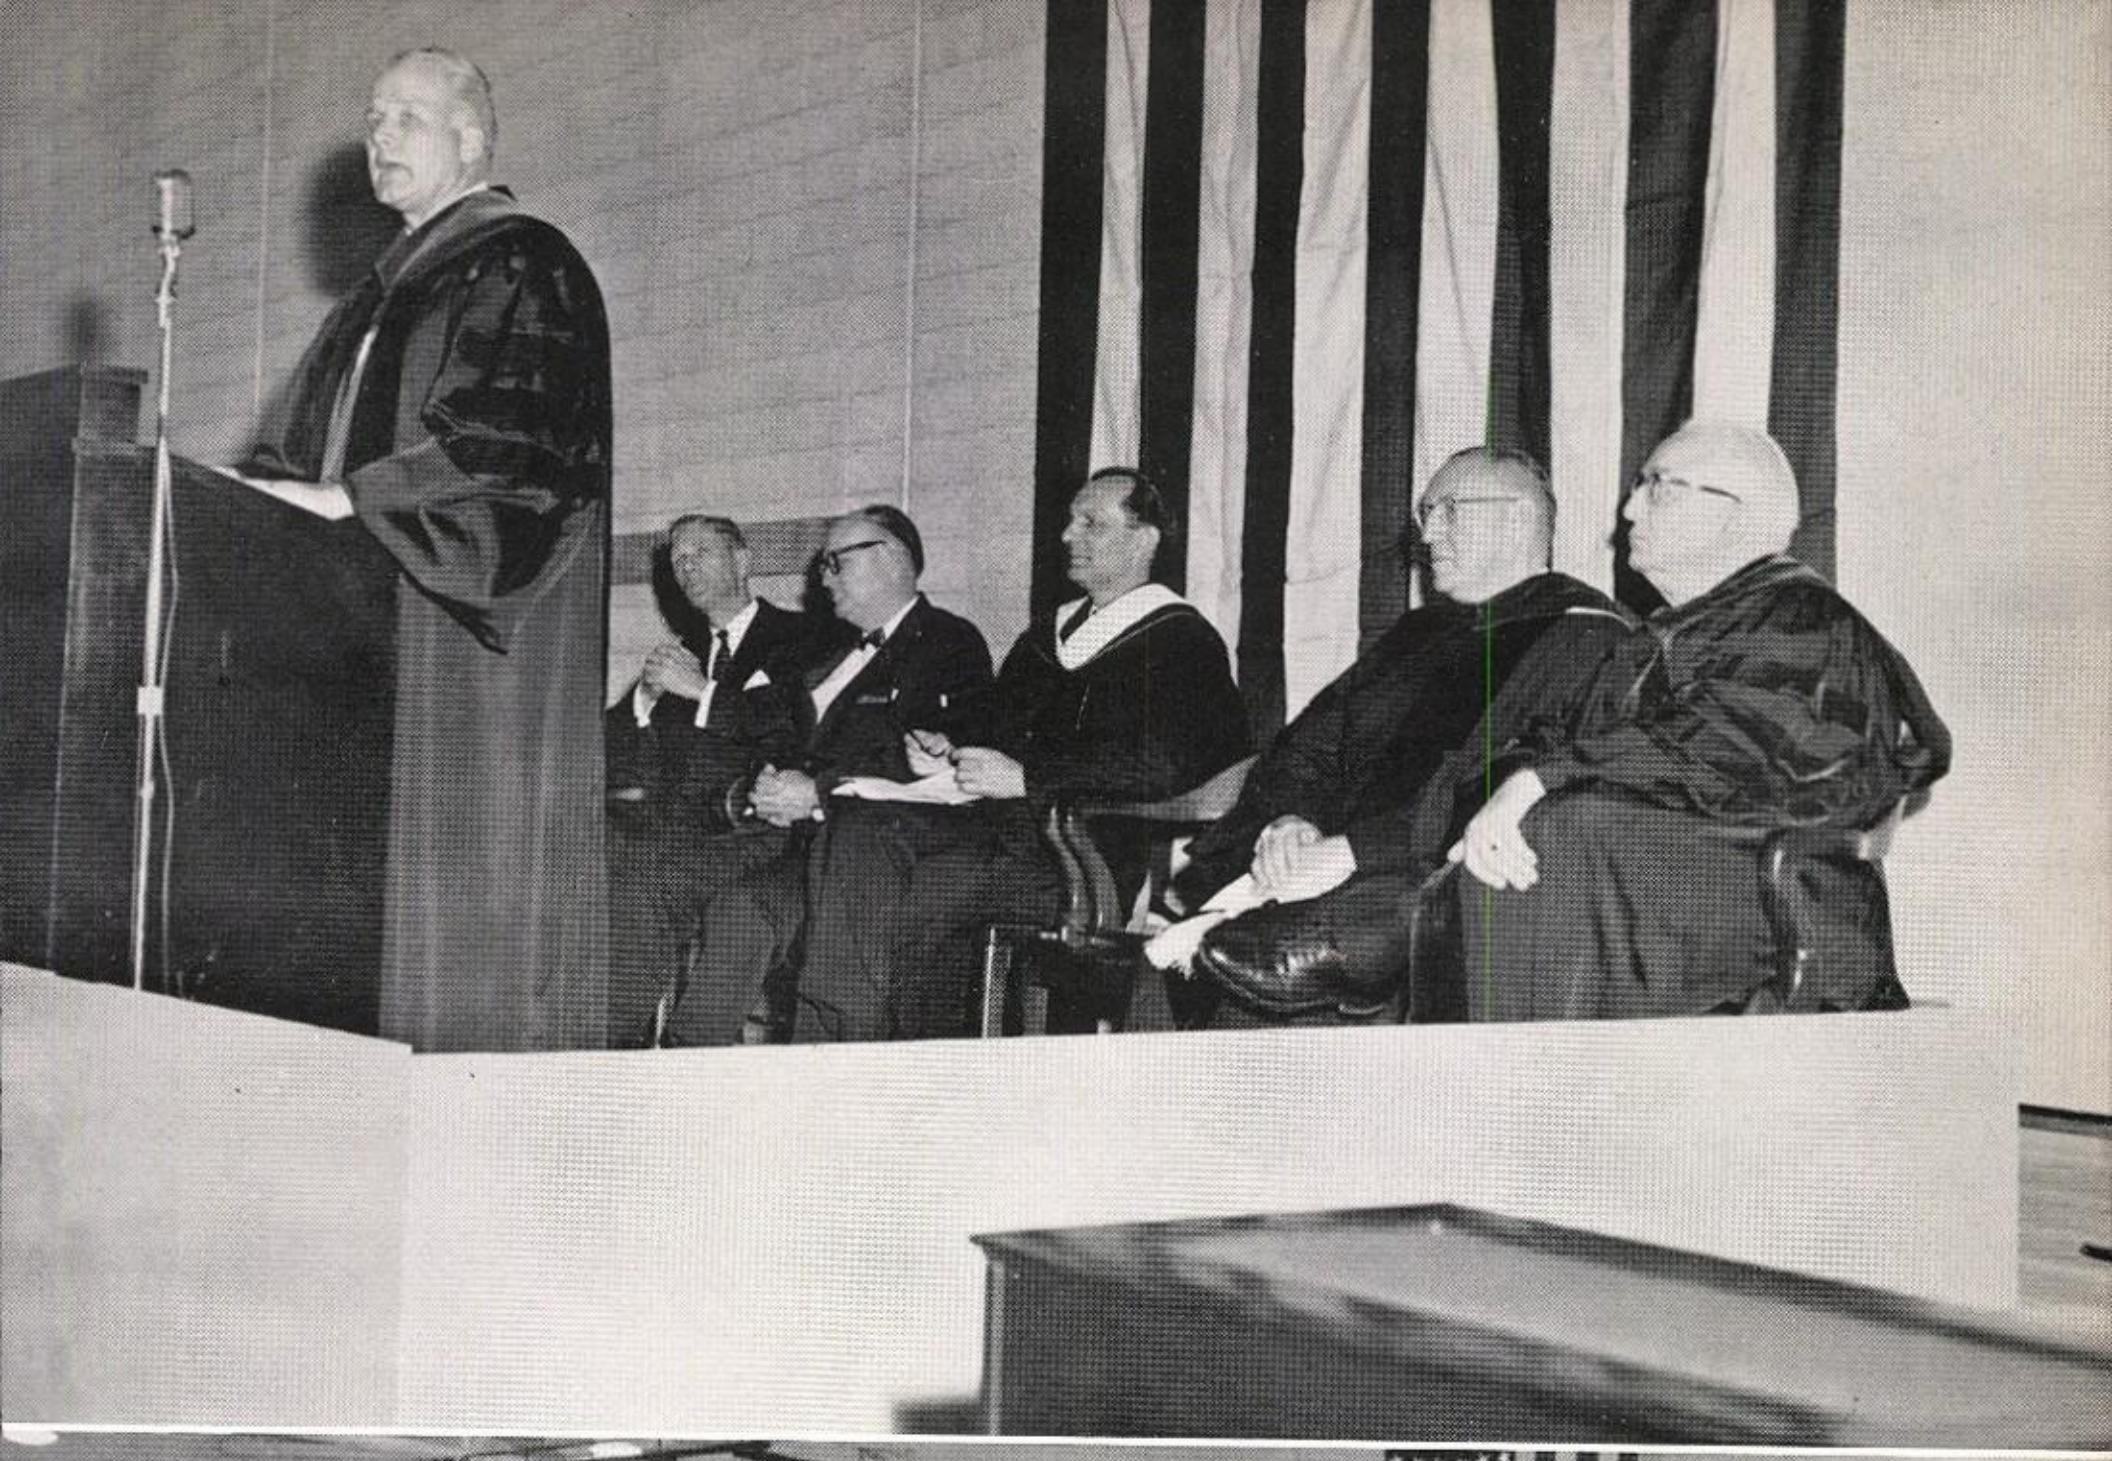
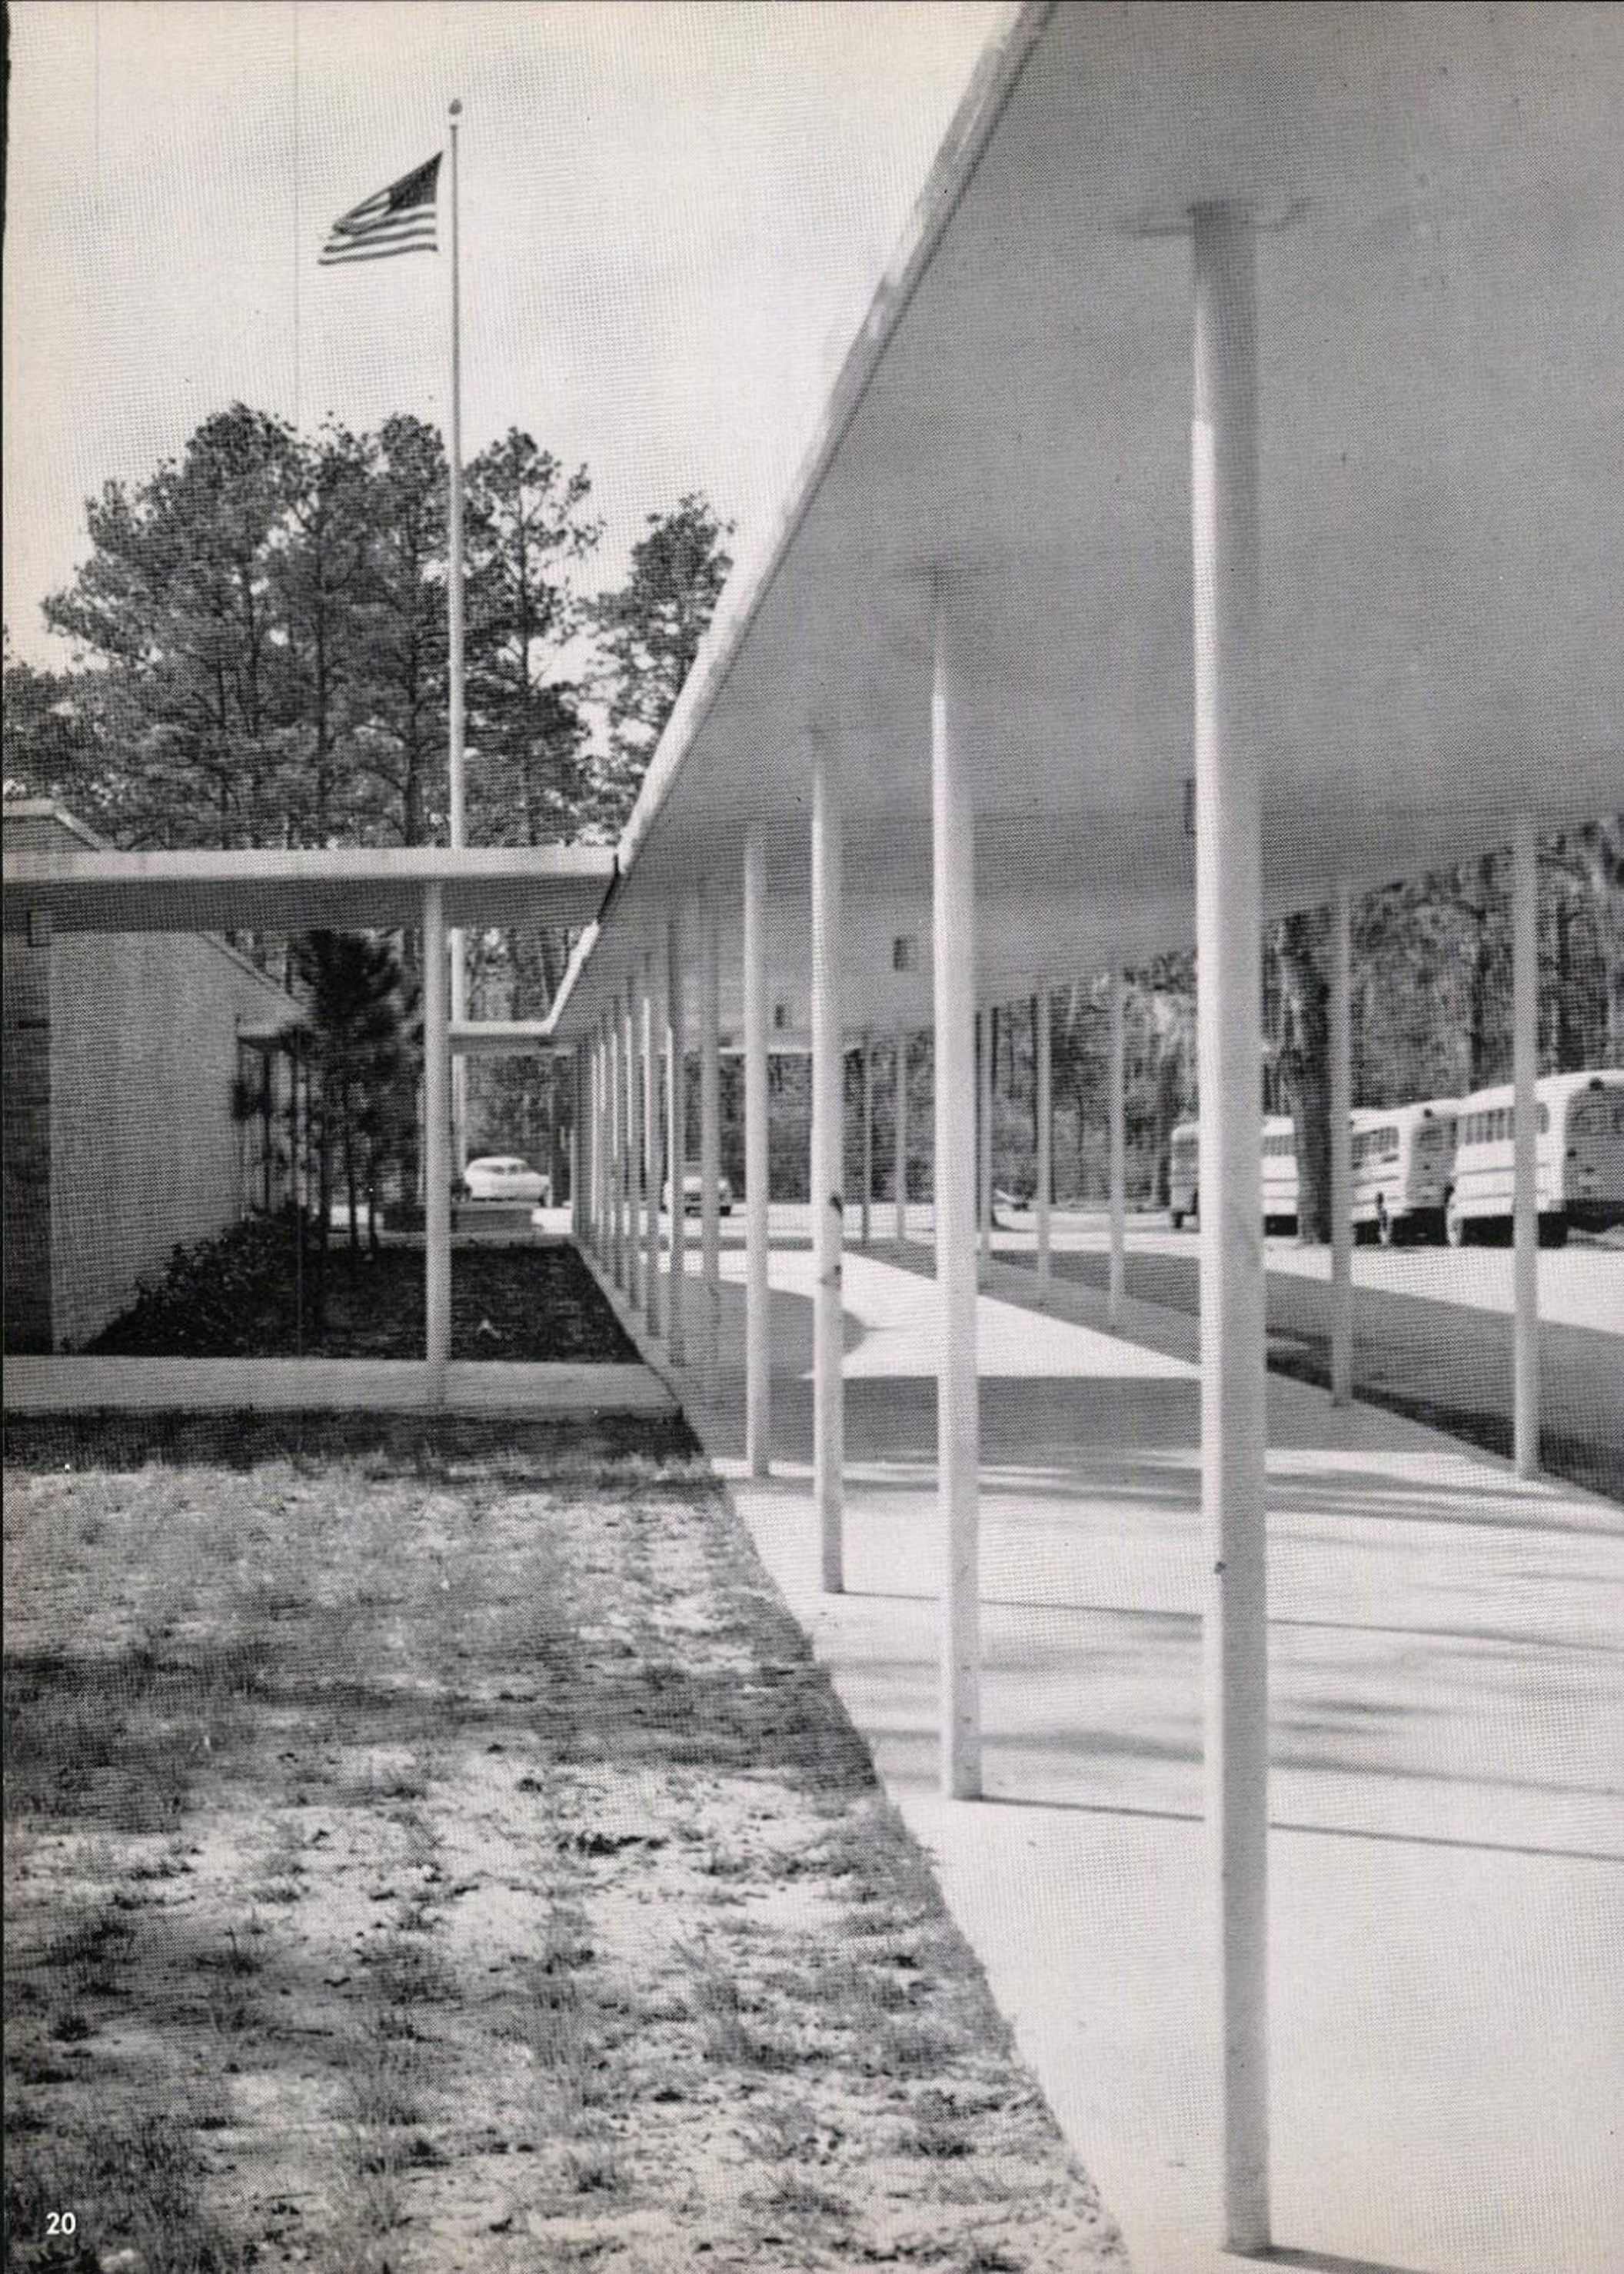
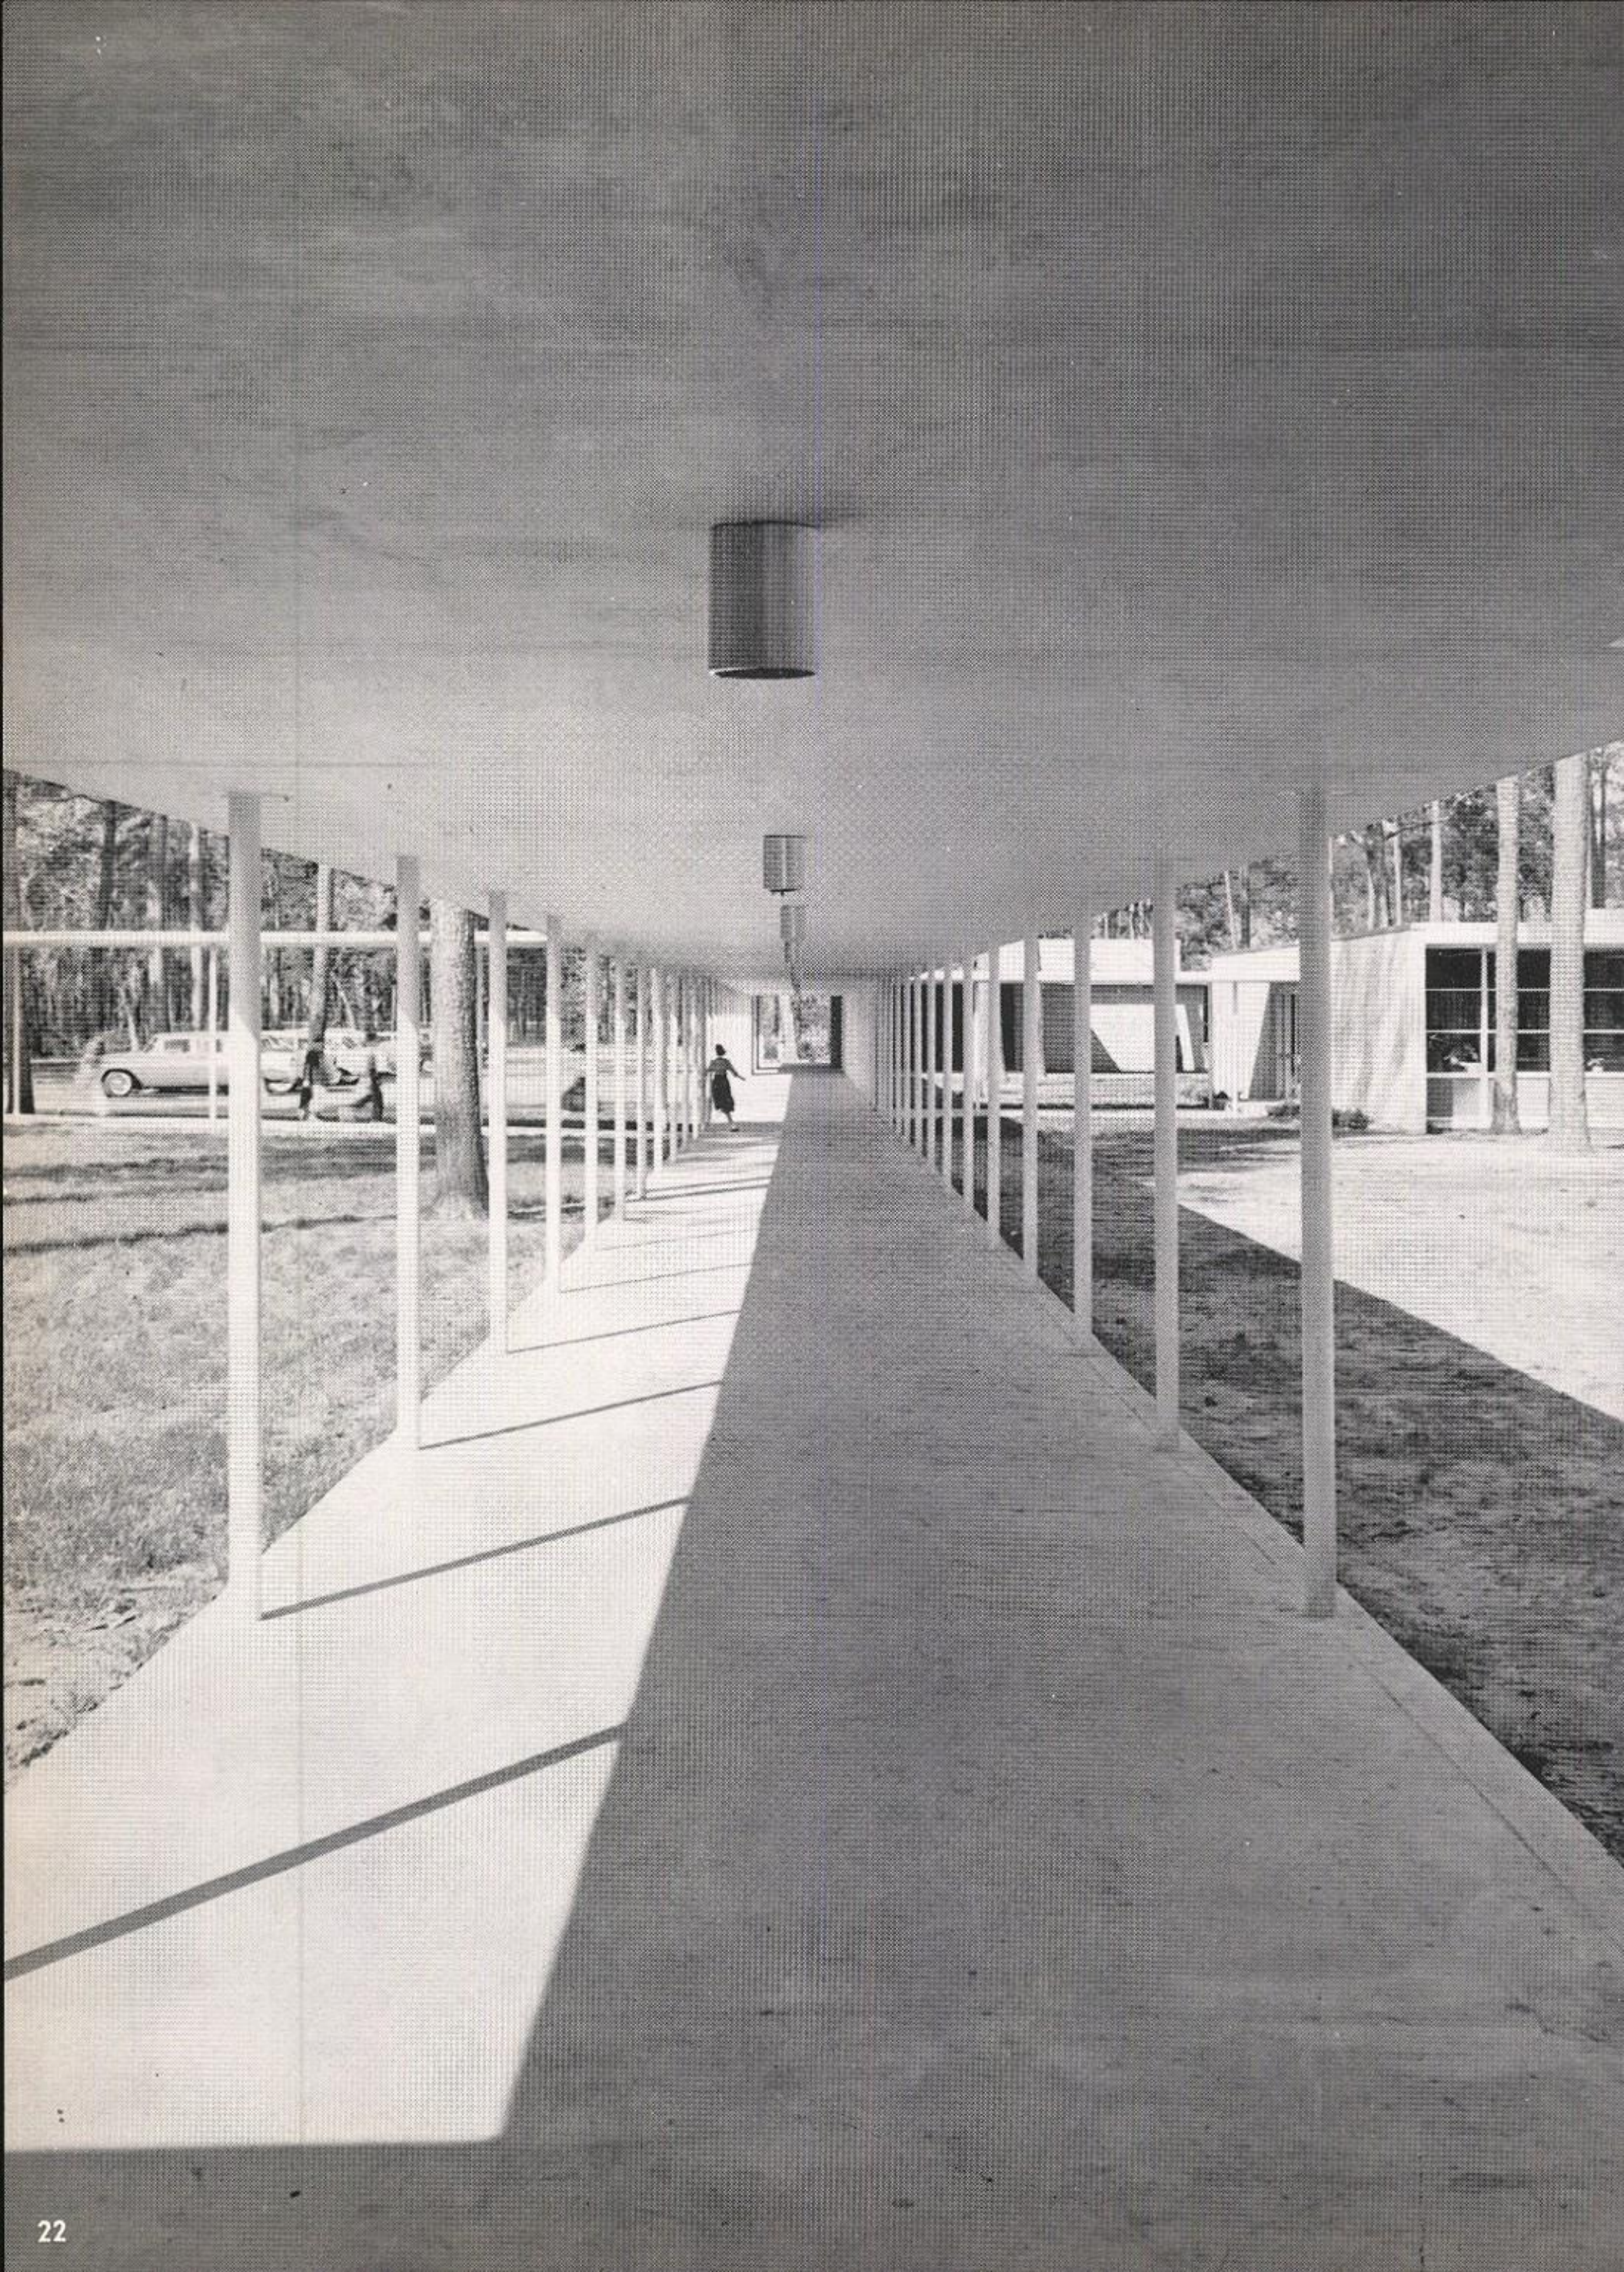
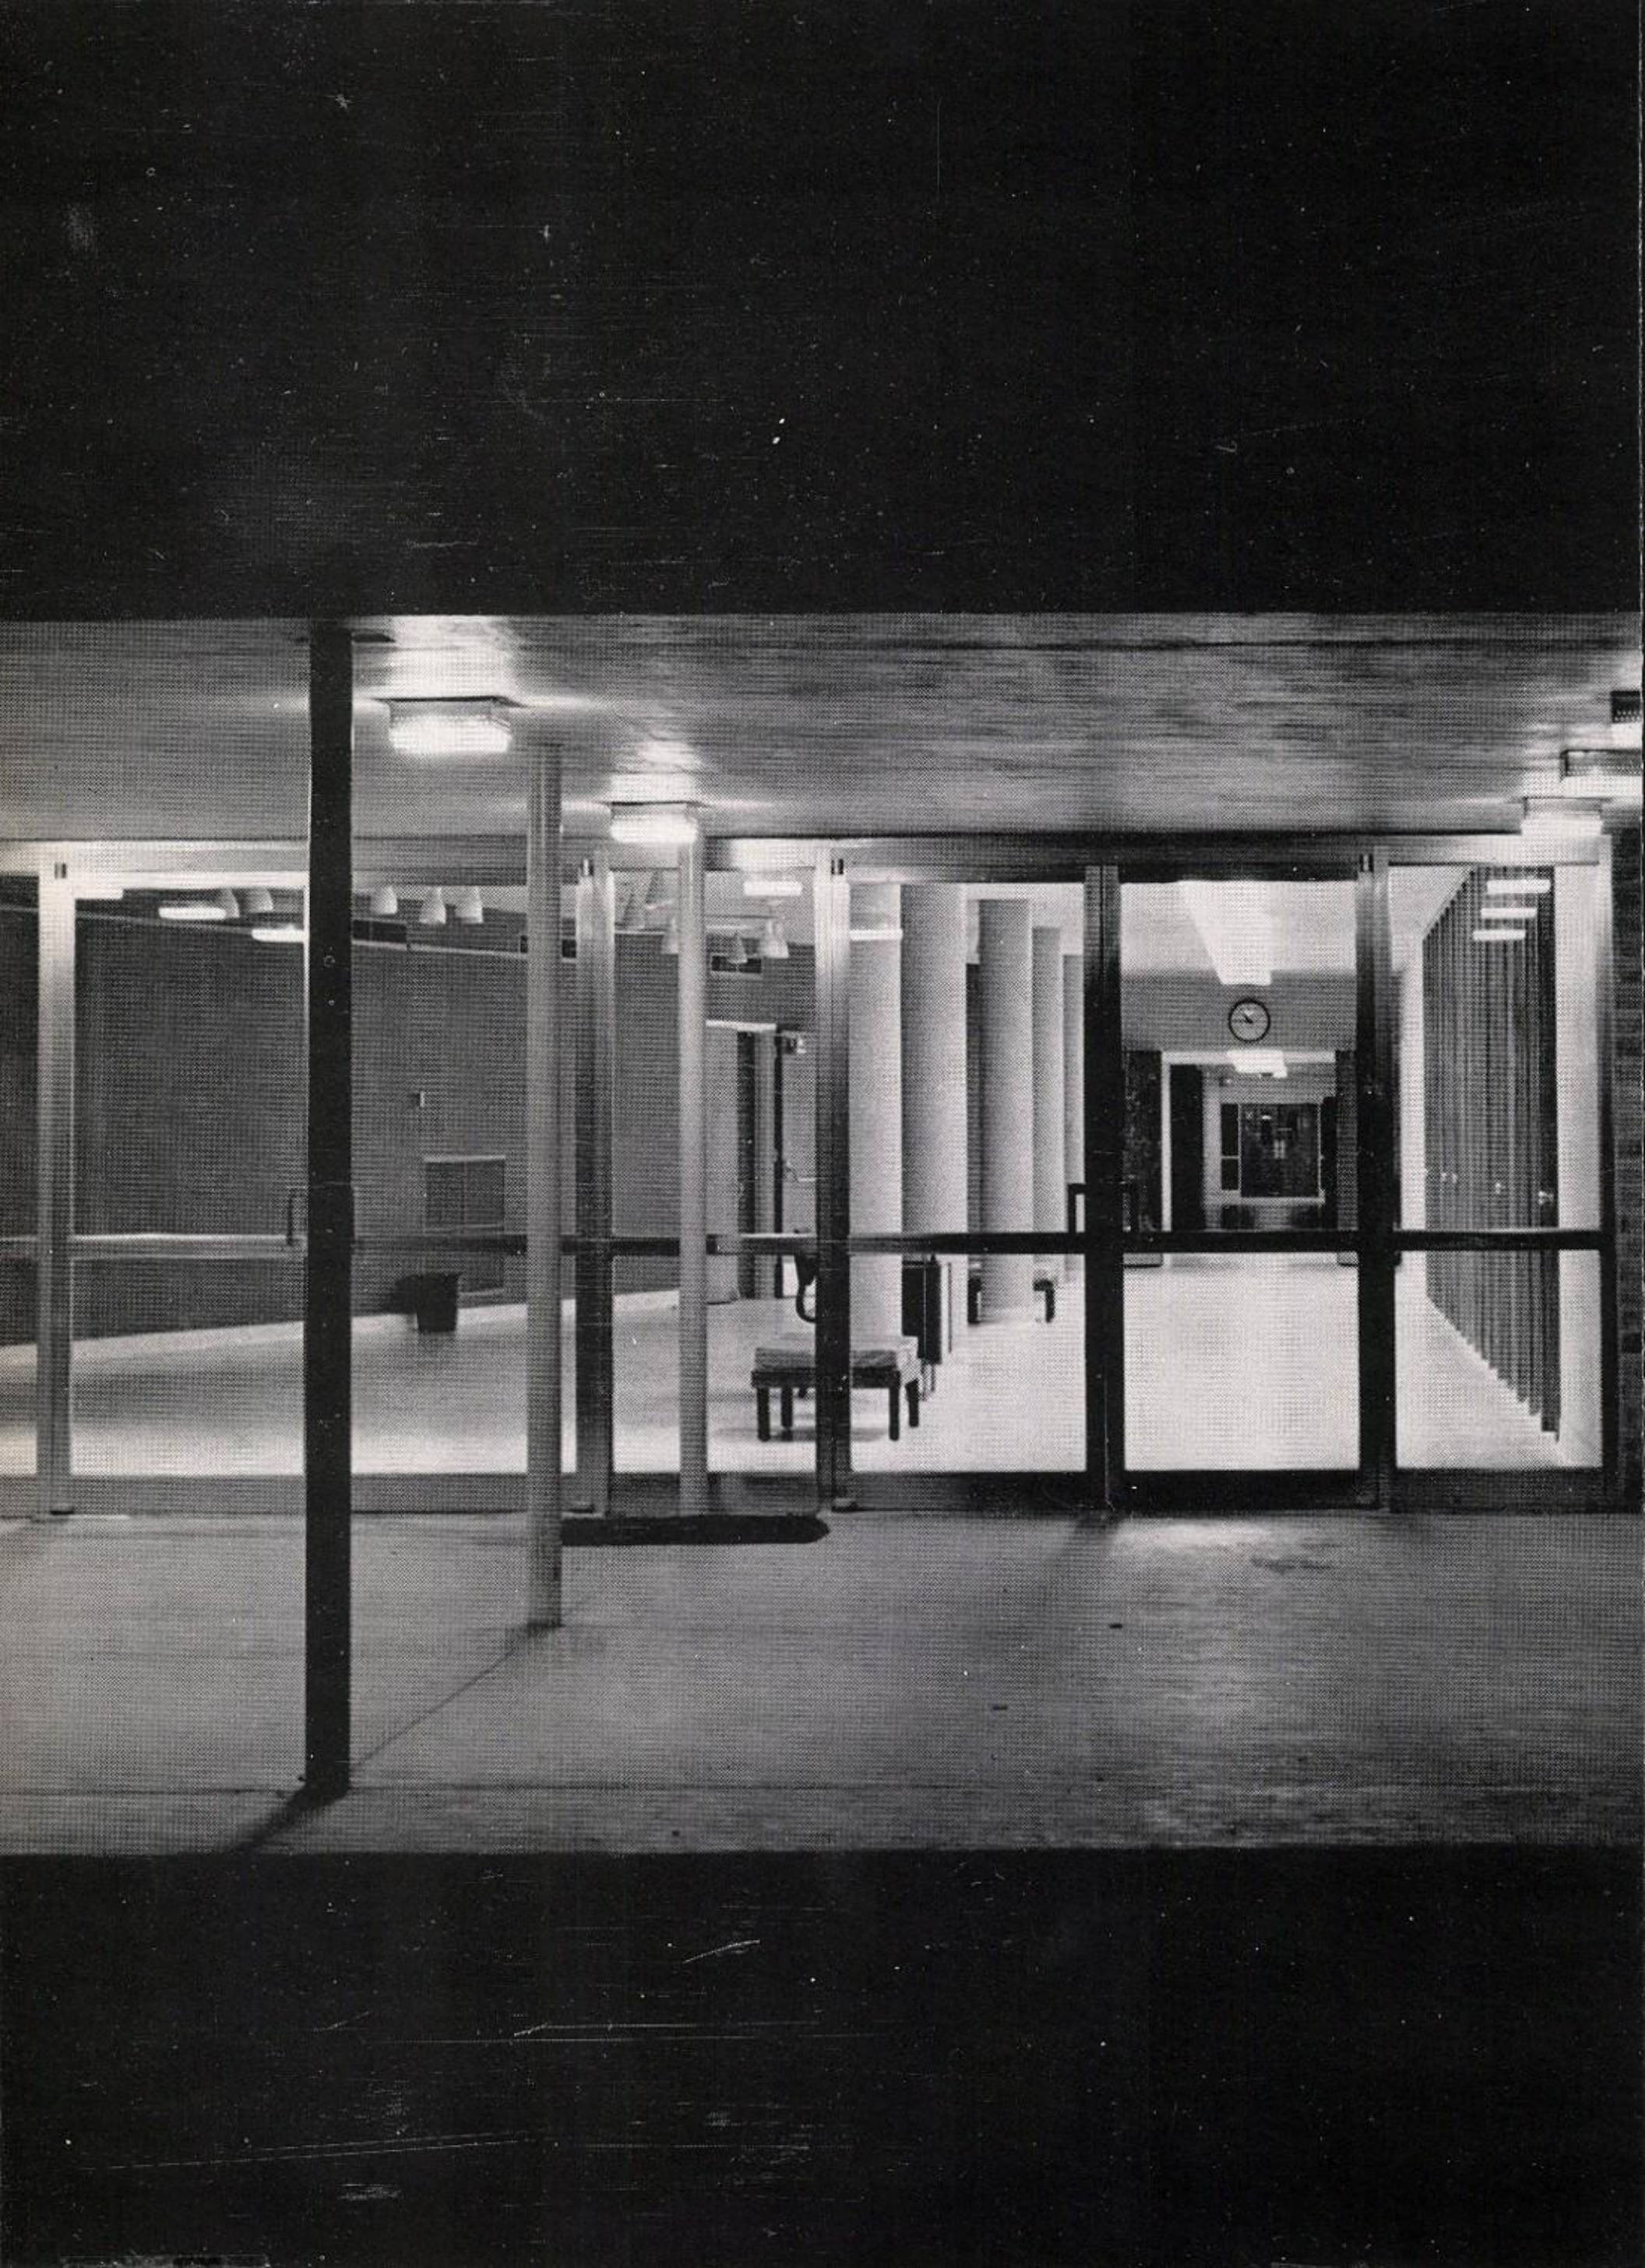
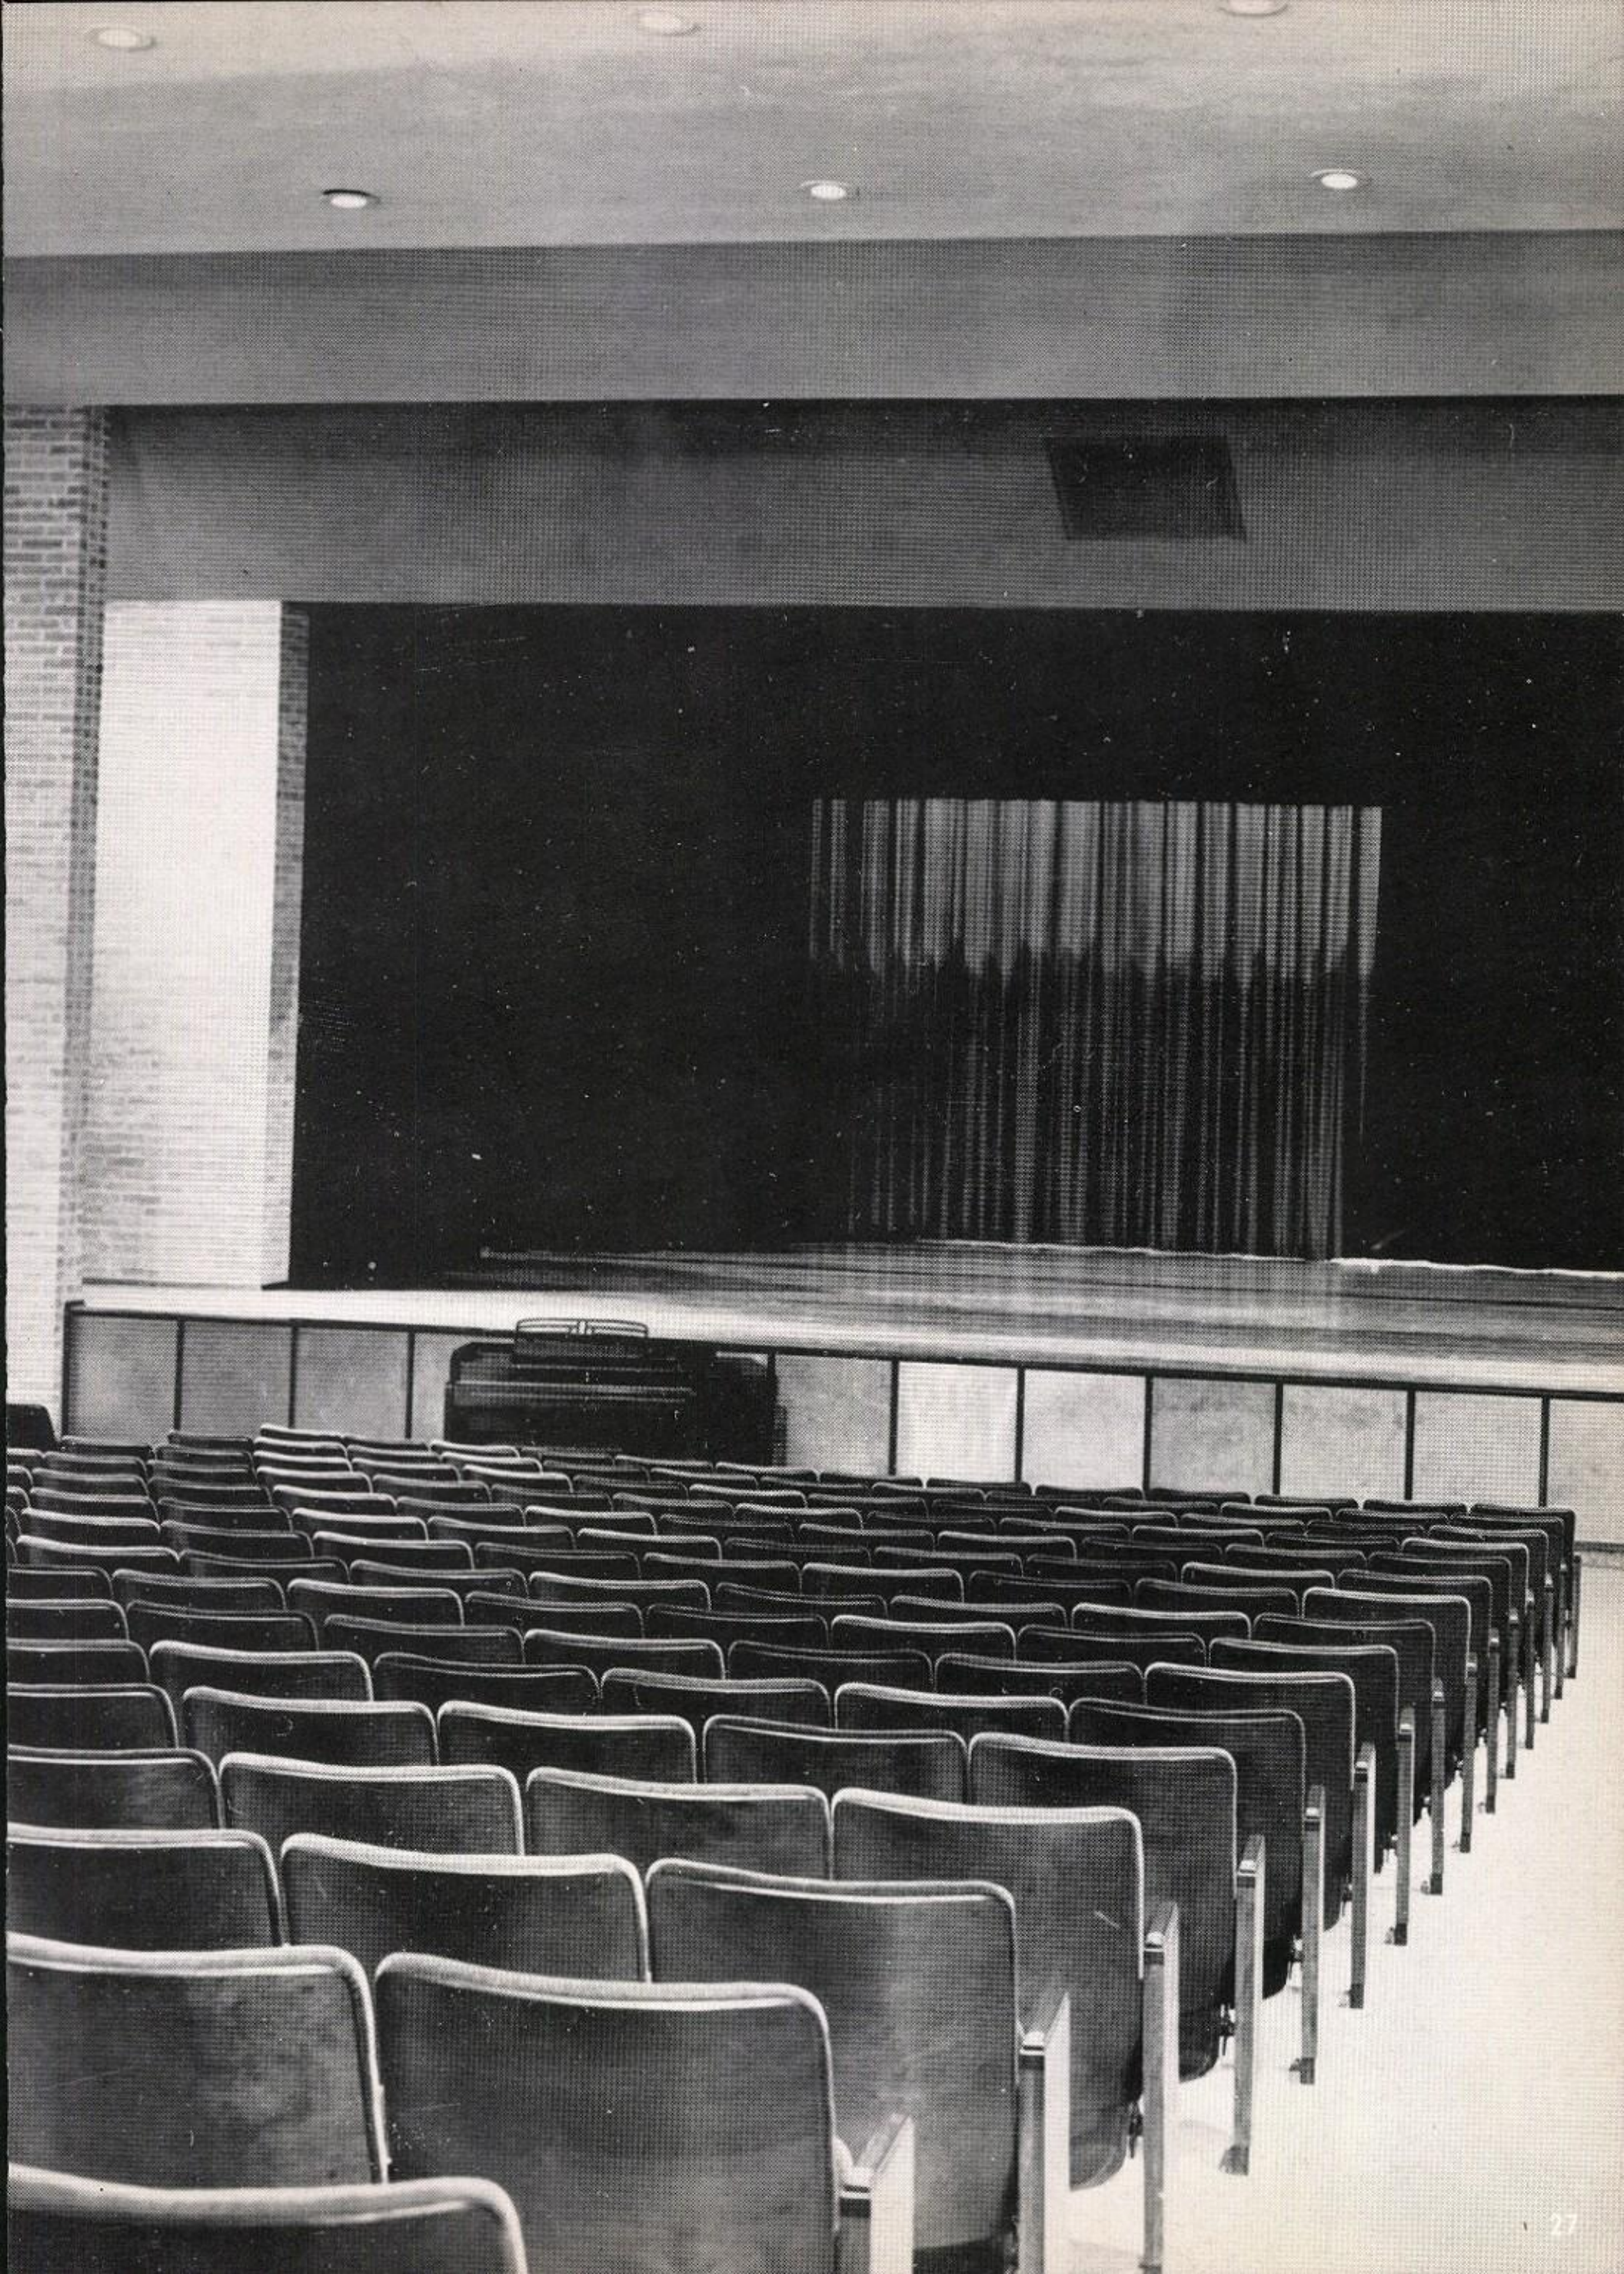
OUR SCHOOL

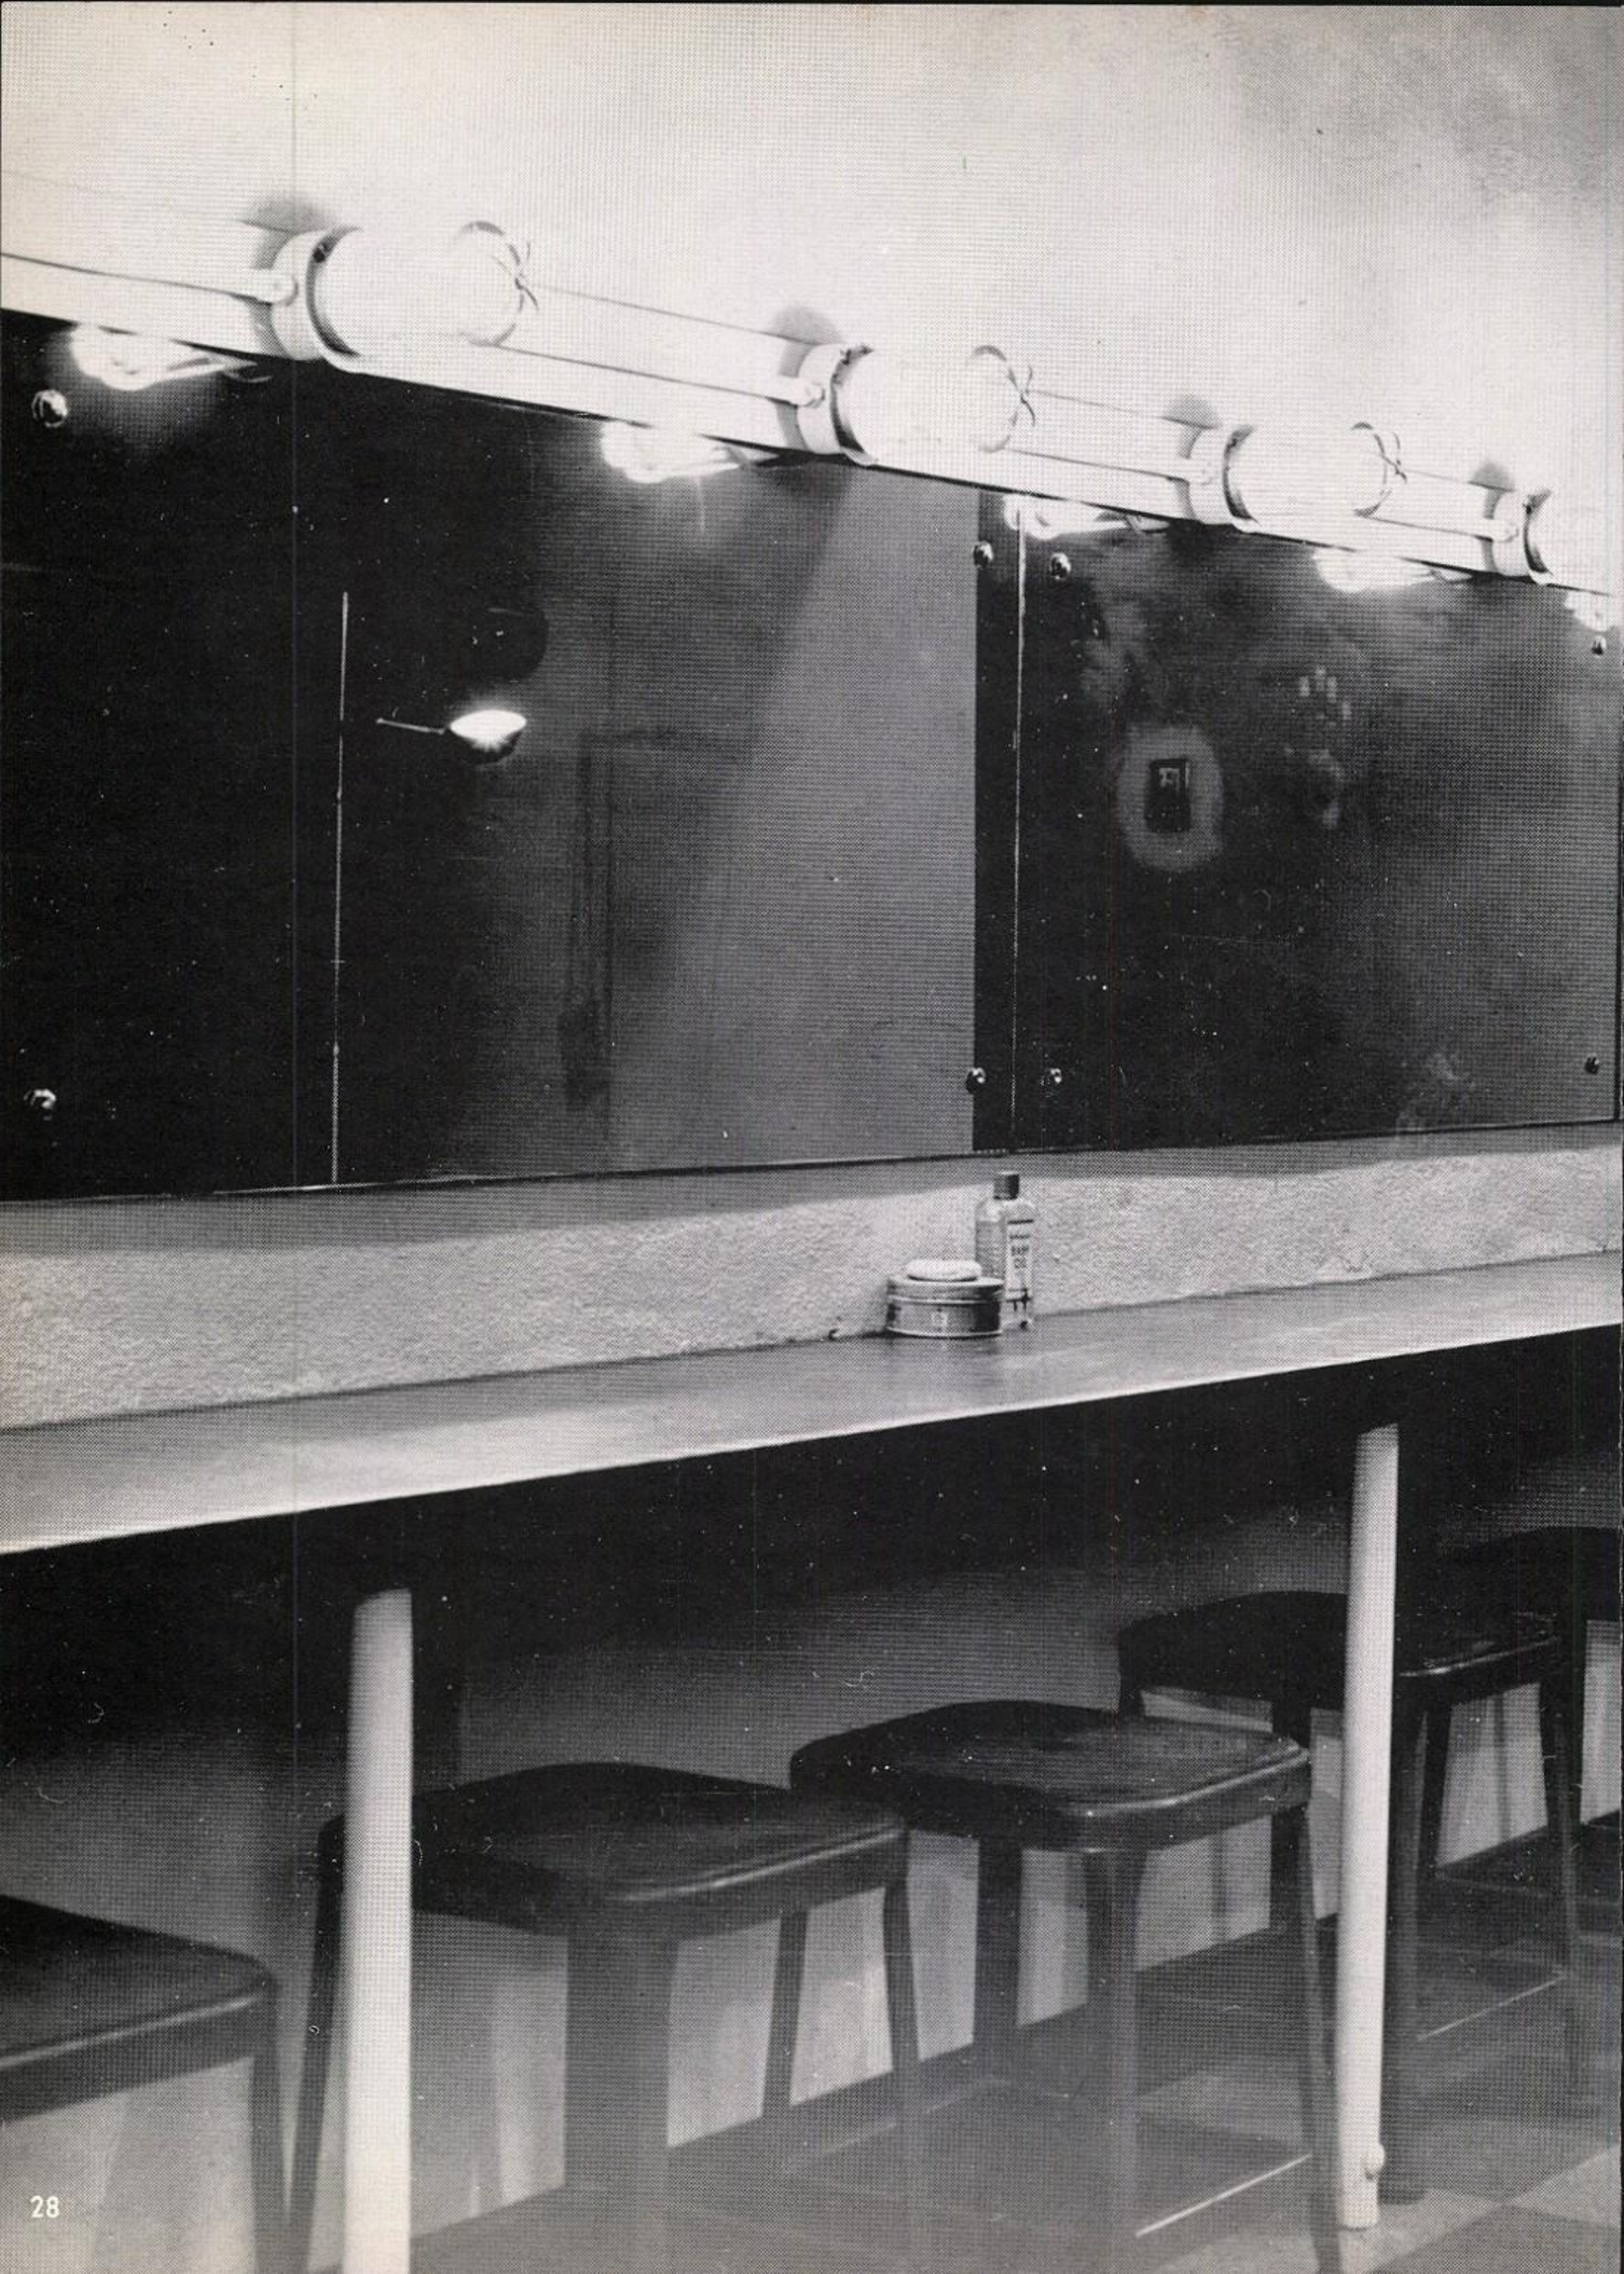


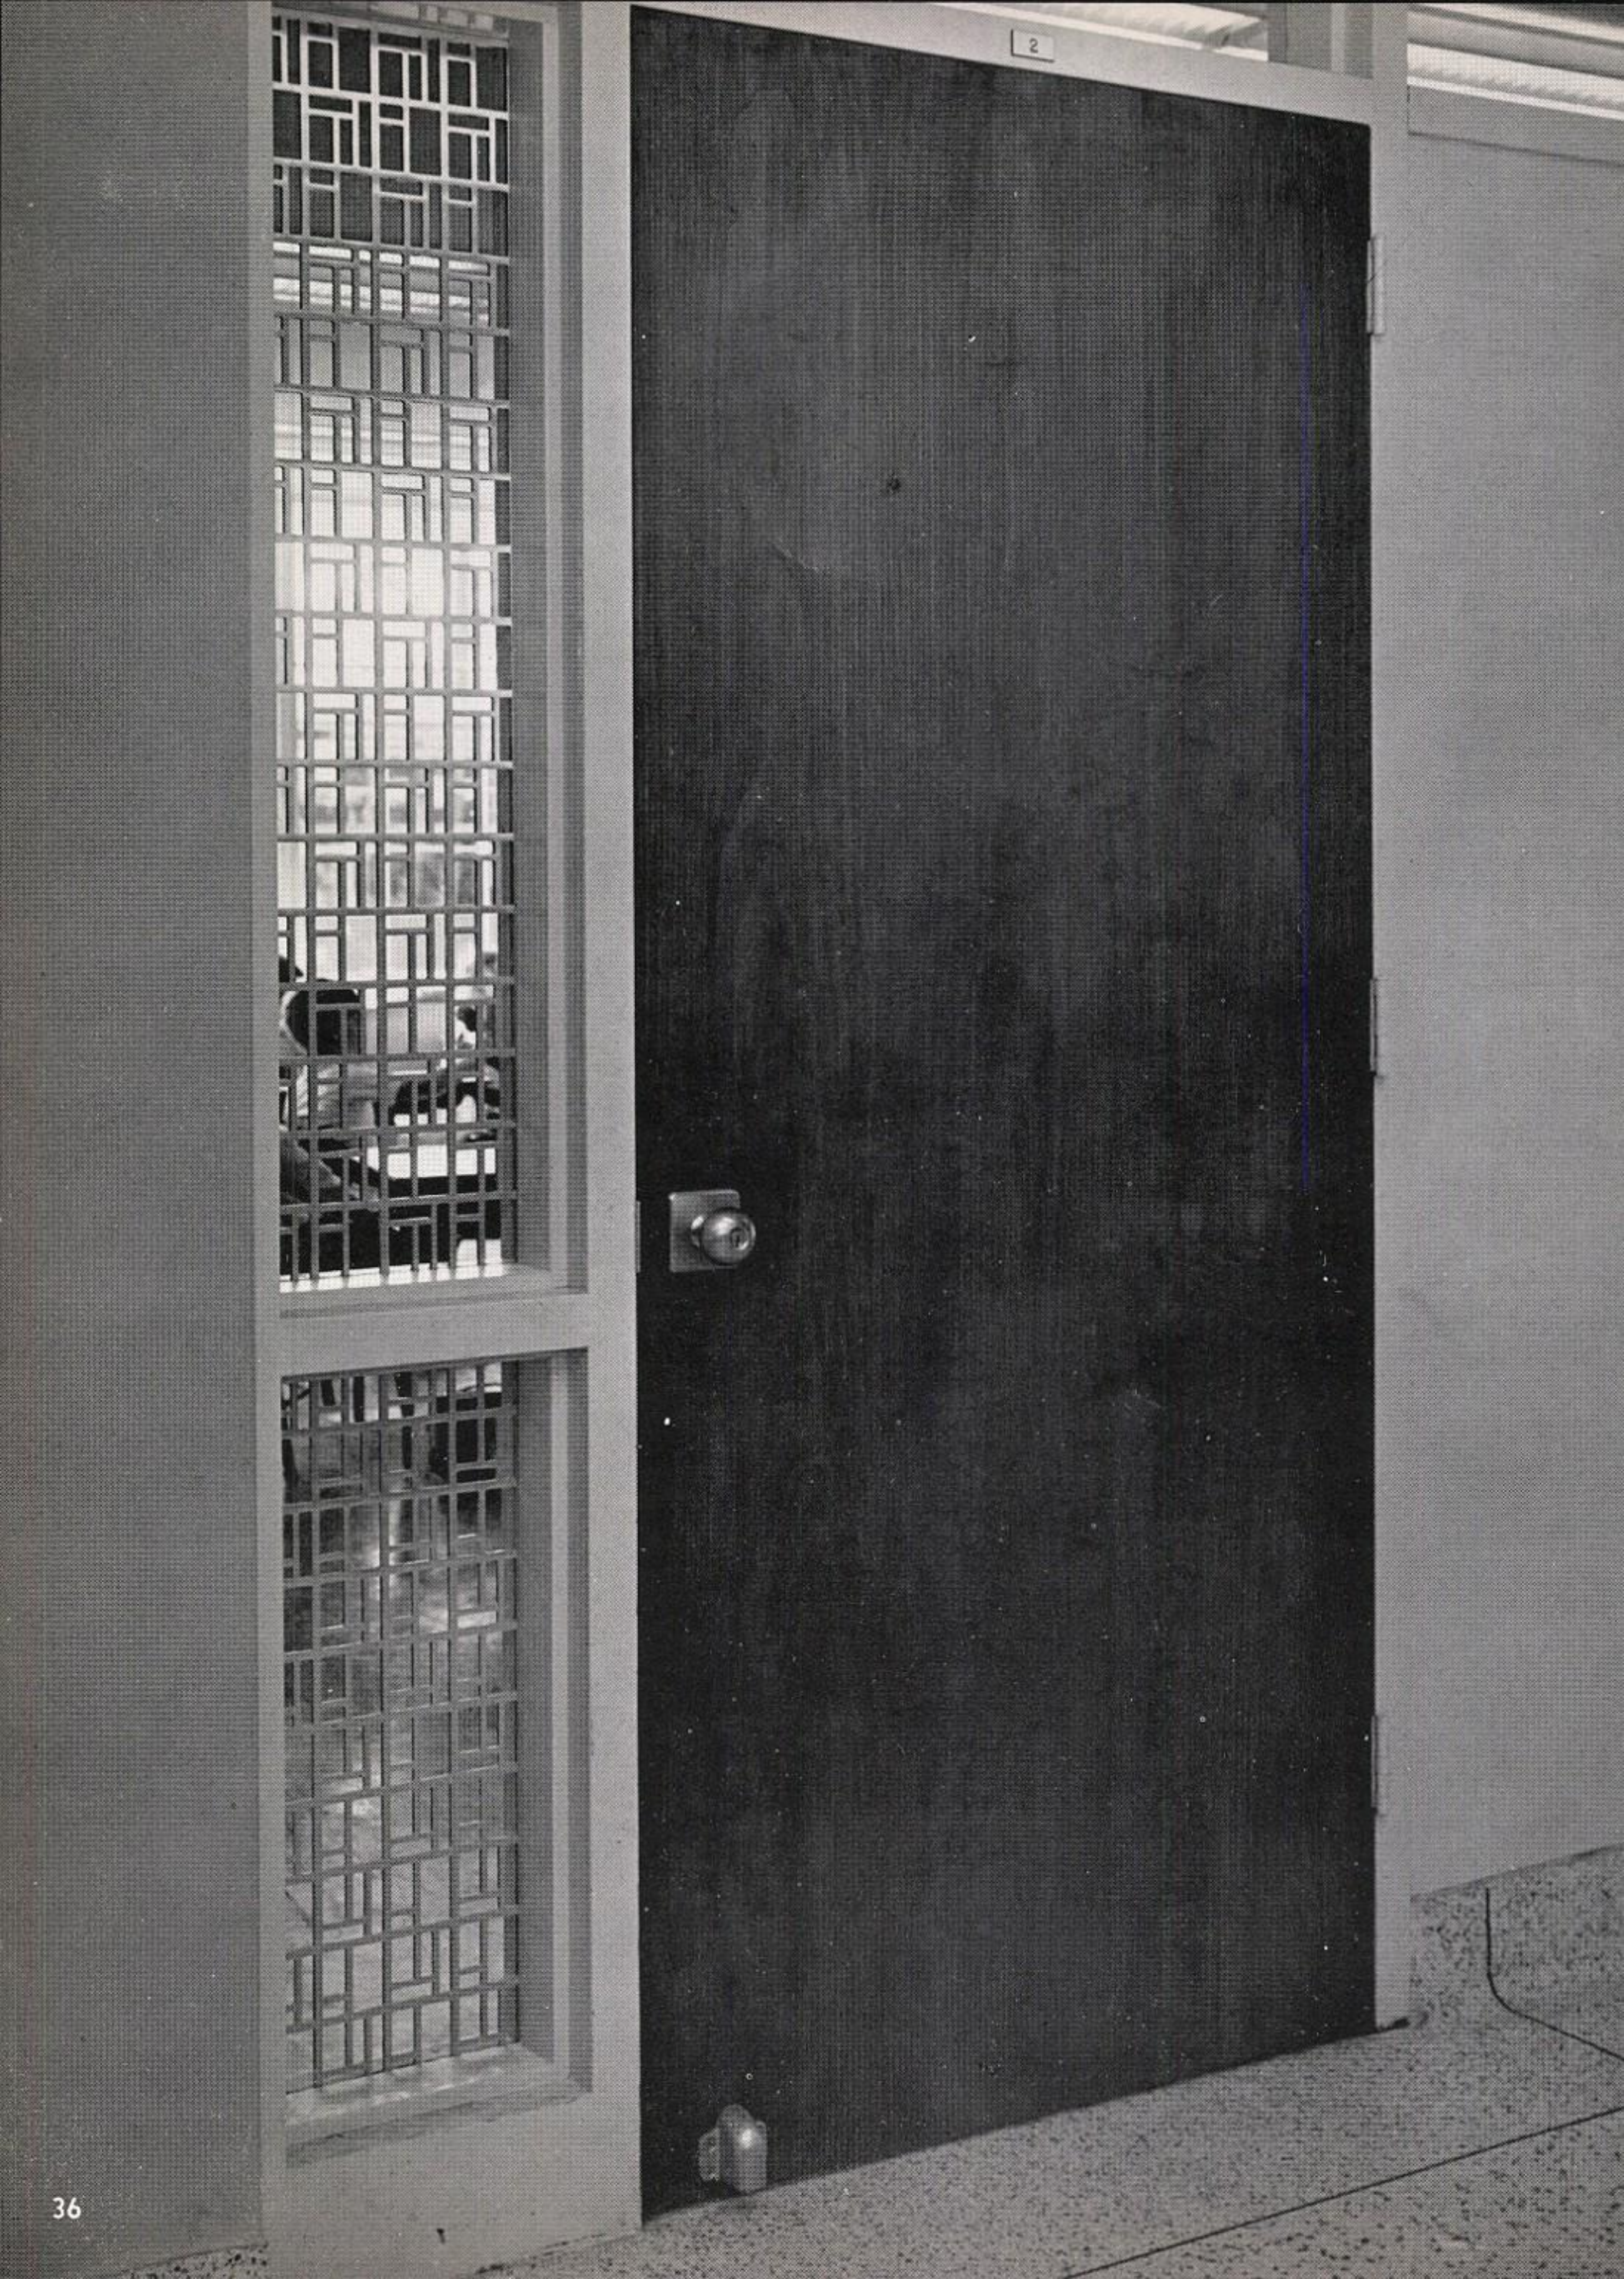






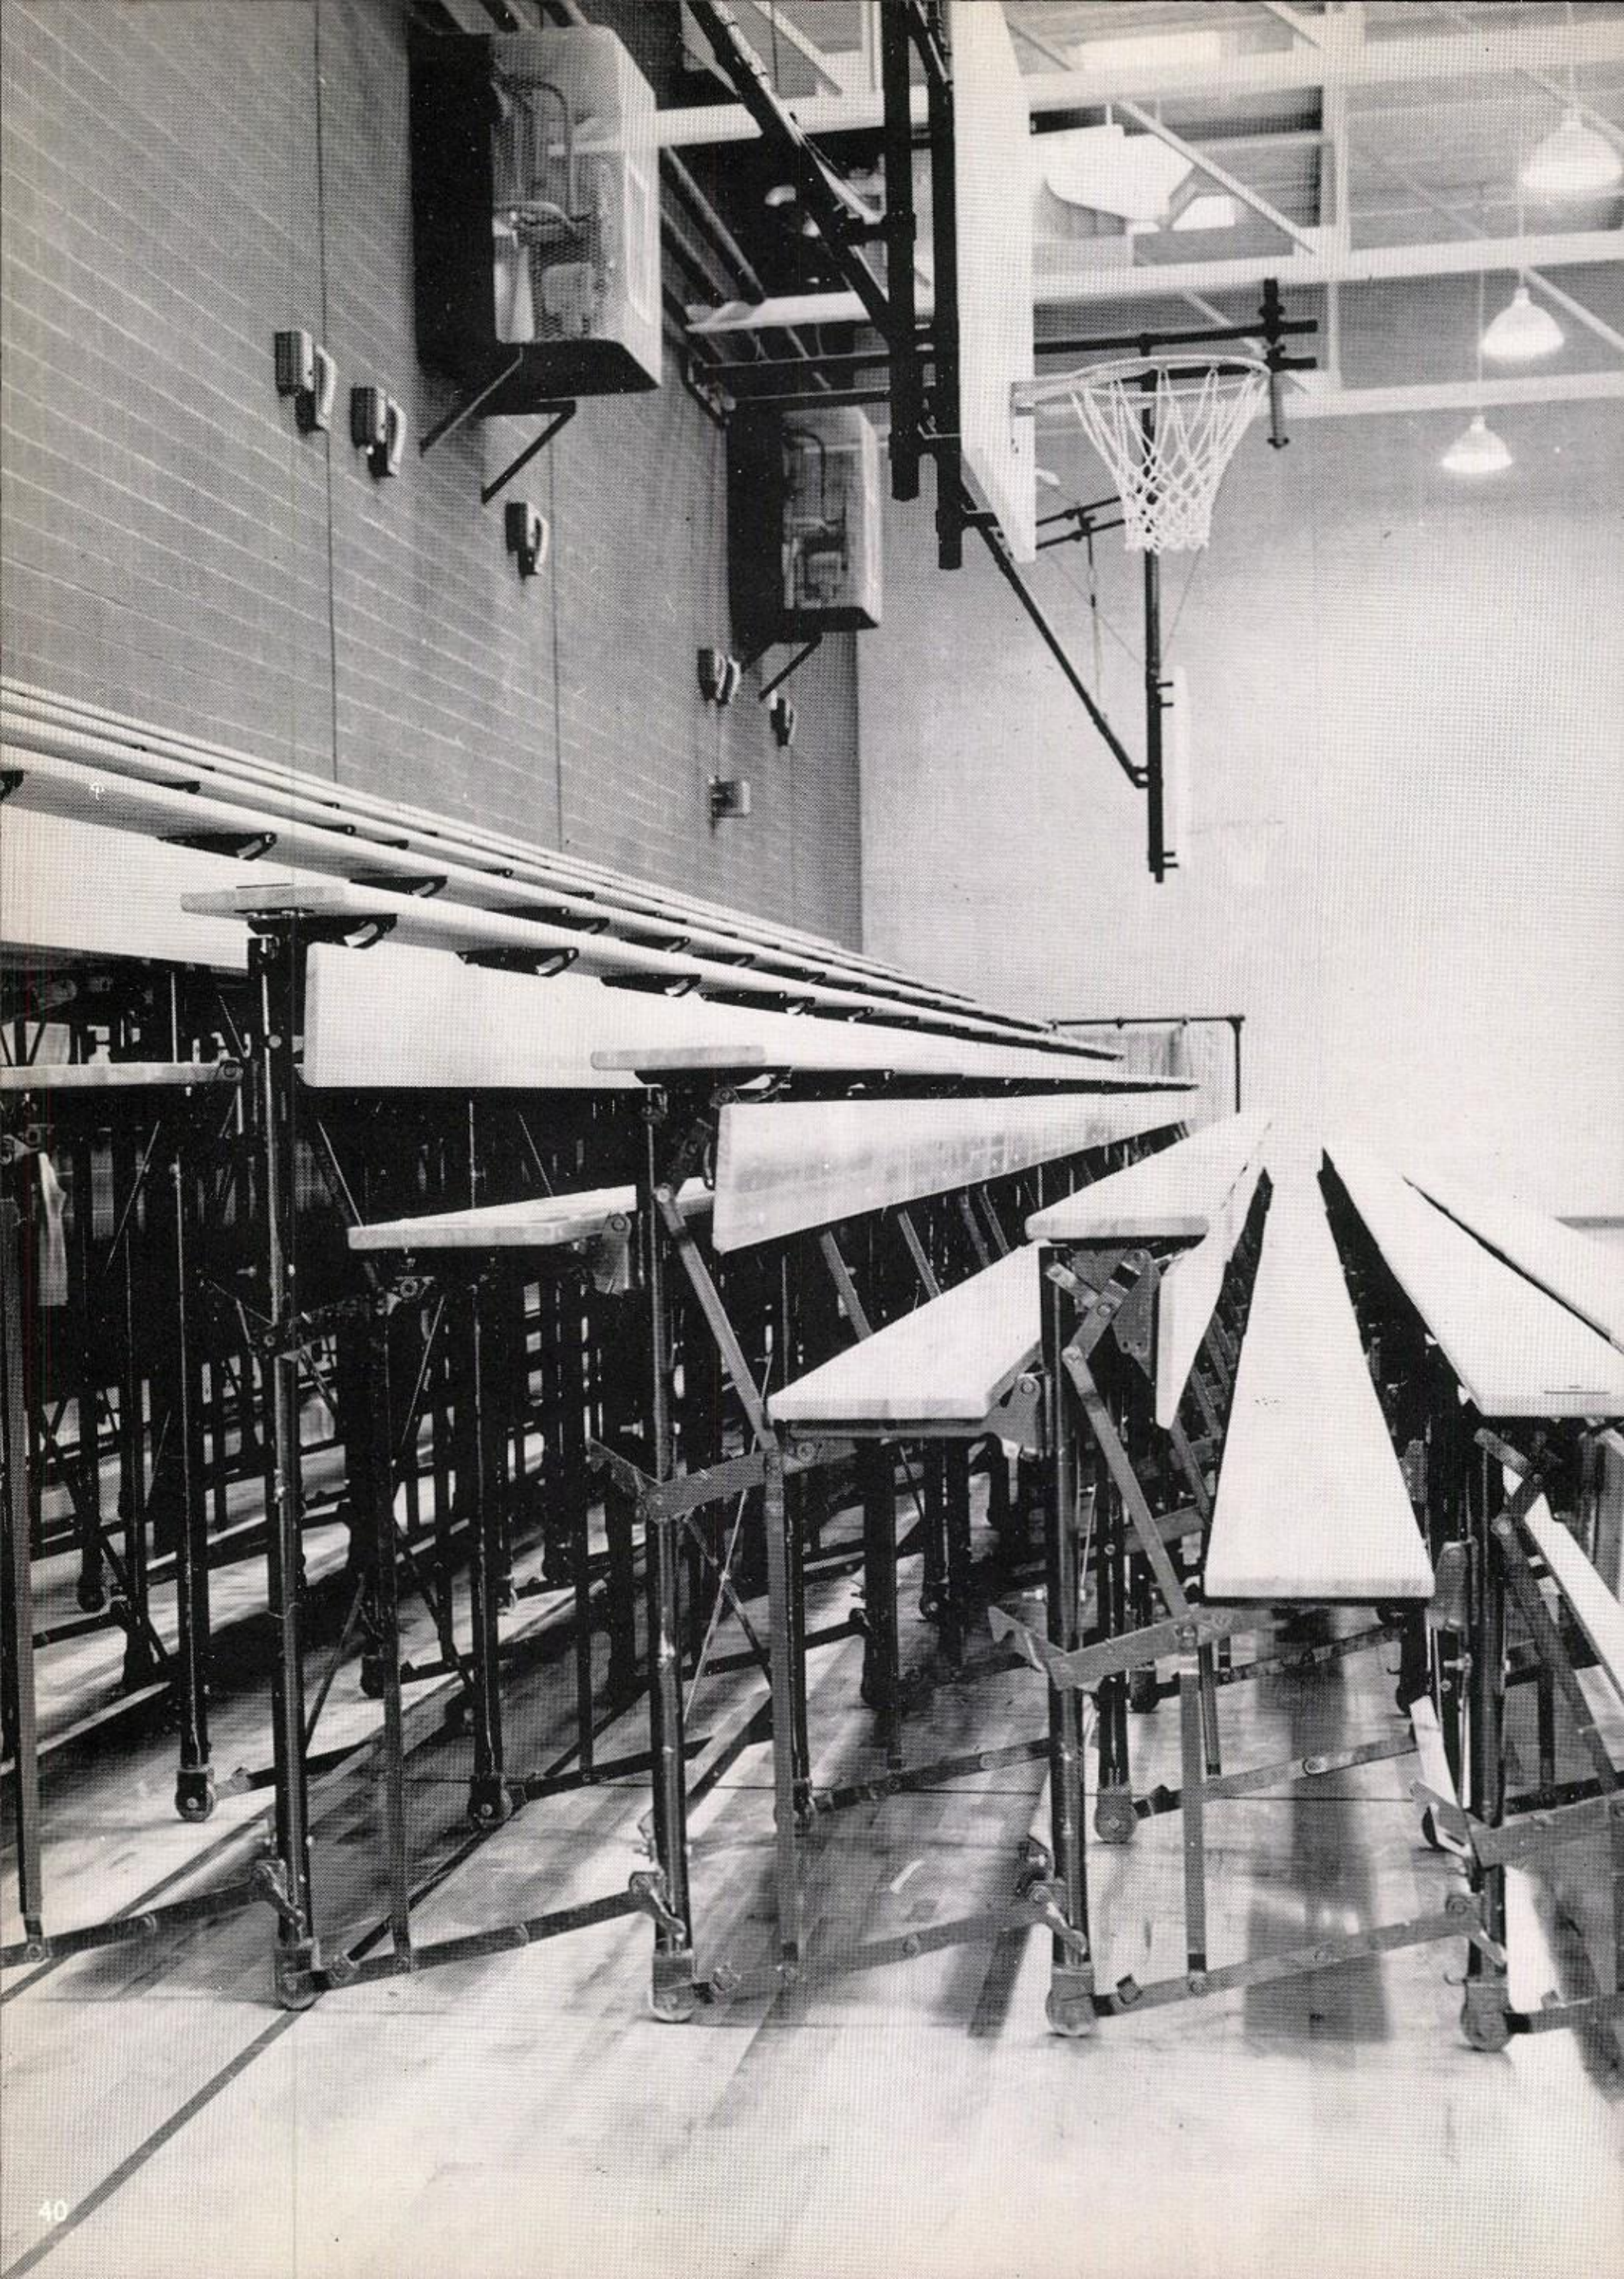






2

PRESENTED BY THE GRADUATING CLASS OF 1957



STUDENTS

STUDENT COUNCIL

To the Student Body:

It is important that we, the Kinkaid students, be grateful for our benefits, opportunities, and blessings. Our world is a secure, complacent one; we have no fear of suddenly having to do without those luxuries which seem to form such an essential part of our everyday lives. We are enveloped in security, and from this aura of well-being, should capitalize on our greatest benefit—the chance to mature in the most protected and advantageous environment.

Kinkaid stresses the importance of maturity because it is the intangible goal to which we must all aspire. It is a precious victory and therefore requires a high price—time, assiduous work, deep insight, and patience. Without this mental development, we would find ourselves lost in a complicated world, aimlessly wandering from one emotion to another. It gives coherence to our ambitions, understanding of ourselves, and a greater chance for happiness and contentment.

The beginnings of this growth toward the mature outlook is rooted in the school. As we broaden our factual knowledge, so must we add depth to our character. Our minds are pliable, and we must choose the most righteous tools to bend them. Our teachers are in part responsible, yet we, through our constant efforts, alone can determine the course of our future development.

The flourishing of this outlook is the development of character. Character is of ineffable value in our lives; it is our stature as a person. We cannot minimize its importance. It will praise our good qualities and uncover our bad; it is a lucid glass through which all others will scrutinize our worthiness. It is the most desirable quality we can wish to attain; character is the mold that shapes our lives.

The school is such an integral part of our lives, its impact surely leaves a deep impression on our person. Therefore, the Kinkaid students must be cognizant of the great power they have in determining what course our school will choose, what its personality and influence will be. Kincaid is not merely a campus, or new buildings, or institution. It is a living organ, and you, the students, are its blood and its vitality. You alone can elevate it, or can lower it into mediocrity. Its future and yours are hopelessly bound together. You rule its mind as surely as you rule its heart. You are the breath of its life. You are Kinkaid.

LUCY LEE

Honors in our school are either self designated like scholarship pins and honor roll lists, elected by the students, officers, and representatives in the Student Council or honors appointed by the administration as editors of school newspapers.

The Kinkaid students who have achieved these honors deserve to be rewarded and the Annual Staff suggests that the Kinkaidian is the proper place for such recognition.

FROM MR. COOPER:

YOUR PERSONAL MAP

Map-making is not part of your curriculum. Perhaps it should be, for your success as a college freshman will depend upon the accuracy of your personal map. If yours does not adequately represent both yourself and the territory ahead, then you can be sure that trouble awaits.

Seldom again will an accurate self-estimate have more immediate consequence. Does it show, for example, that you characteristically earn lower grades on term exams and that you must, therefore, maintain a comfortable margin in your daily work? Does your map reveal that you have not learned to say "no" when social invitations conflict with academic jobs or that you put off the long paper until the last minute? Failure to map any of these may easily mean the end of your college career.

Does your map of the road ahead show college as a glamorous fun-filled time between high school and a career or marriage? If so, it will be seriously out-of-step with the maps of most colleges, and your academic career may be over before it is well-started. On the other hand, if your map pictures college as a plan where you will be expected to carry a man's load, where you will not be coddled, and where you must get your assignments regardless of the interruptions of illness or the distractions of social life, then you are probably on the right track.

Good luck to all of you in your map-making!

SEASON SUMMARY

Fall workout began August 19, with a small turnout, but determination seemed to offset any drawback. Two practices a day for a month, and good coaching readied the '57 Falcons for their outbreak September 21, against St. Pius. Hard preparation wasn't in vain, for the Falcons won their first game 20-0. This important first victory put them off to a good start.

The following week Kinkaid met Mt. Carmel at the Junior High School Stadium, and again the Falcons carried off the victory flag as they defeated the Panthers 20-6.

The St. Johns' Rebels collided with the team October 4, at Rebel Field. In a hard fought game St. Johns gave Kinkaid their first defeat. The final score was 6-0.

Flu took its toll the next week. Approximately half of the players were sidelined with illness. This illness forced the Falcons to cancel their next game with Bryan.

Rested and revengeful from their last defeat they journeyed to St. Stephens of Austin, to hand the Spartans a 26-7 defeat.

The next week they traveled to Galveston to clash with the Kirwin Gators. The victory wreath was again "hung around" the Falcons' neck, as they defeated the Gators 25-13.

Again on the Rebel Field the Falcons met the Lutheran Buccaneers. Here they fell to defeat of a strong Lutheran team 13-0.

The '57 Falcons ended their season with a record of four wins and two losses. The Annual Sports Banquet was held in their honor with award of letters and merit certificates to the individual players. This banquet completed a successful year.

OUR FOUR YEAR CHAMPS

The Annual of '58 salutes our four-year champs! When the girls' volleyball team of 1954 was created, it contained mainly Freshmen. The team resolved to prove that skill overcomes age and finished its first year without losing a single game and conquering the A.T.P.S. championship and a second year of no defeats.

The team of 1956 was determined to hold on to the State trophy and, still with almost the same members, they were again spurred on to a year of no losses and a third A.T.P.S. award.

To achieve the seemingly unattainable honor of a four year stretch without a loss was the desire of the 1957 group of girls. This fall, the team was composed of mostly Seniors and they fought arduously for their goal. The season was almost over when their only defeat occurred—they lost to Lutheran. But this loss was conceded with good sportsmanship and the recognition of the fine players of the Lutheran team. However, the girls were not to be taken of their A.T.P.S. honors and they fought magnificiently in the Lutheran gym for their final A.T.P.S. trophy.

Everyone knows that there cannot be a good team without a fine coach, and the Annual feels that Miss Stallings is certainly a fine attribute not only to the team, but to the entire school. Through her excellent guidance and aggressive leadership these girls have obtained the coveted honor of conquering the A.T.P.S. championship for four years in a row. The volleyball team will never forget their coach for Miss Stallings made them the champions that they are.

Congratulations to the coach and the four year champs.

With only a few practices behind them, the team initiated La Porte in the new gymnasium. After losing the first three games to extremely tough competition, the Falcons regained their feet to beat Dickinson in their second encounter.

Continuing the winning pace, Kinkaid traveled to Bryan to capture the Bryan Tournament crown. Returning home, the Falcons fell in defeat to the highly rated Sam Houston team.

Seasoned on tough competition, Kinkaid went to Aldine to capture third place in the Aldine Tournament.

We lost our next two games. Austin and Sam Houston were too strong for us.

Again, meeting a member of the A.T.P.S. conference later, Kinkaid beat Allen Academy.

The following two games with La Porte and Galena Park resulted in losses for the team. St. John's was the next foe to face a revengeful Kinkaid. The Falcons carried away the laurels and the second straight conference win, with the defeat of St. John's.

Deadline caught the Falcons without completed schedule; however, we expect to repeat for the fourth straight year A.T.P.S. champs.

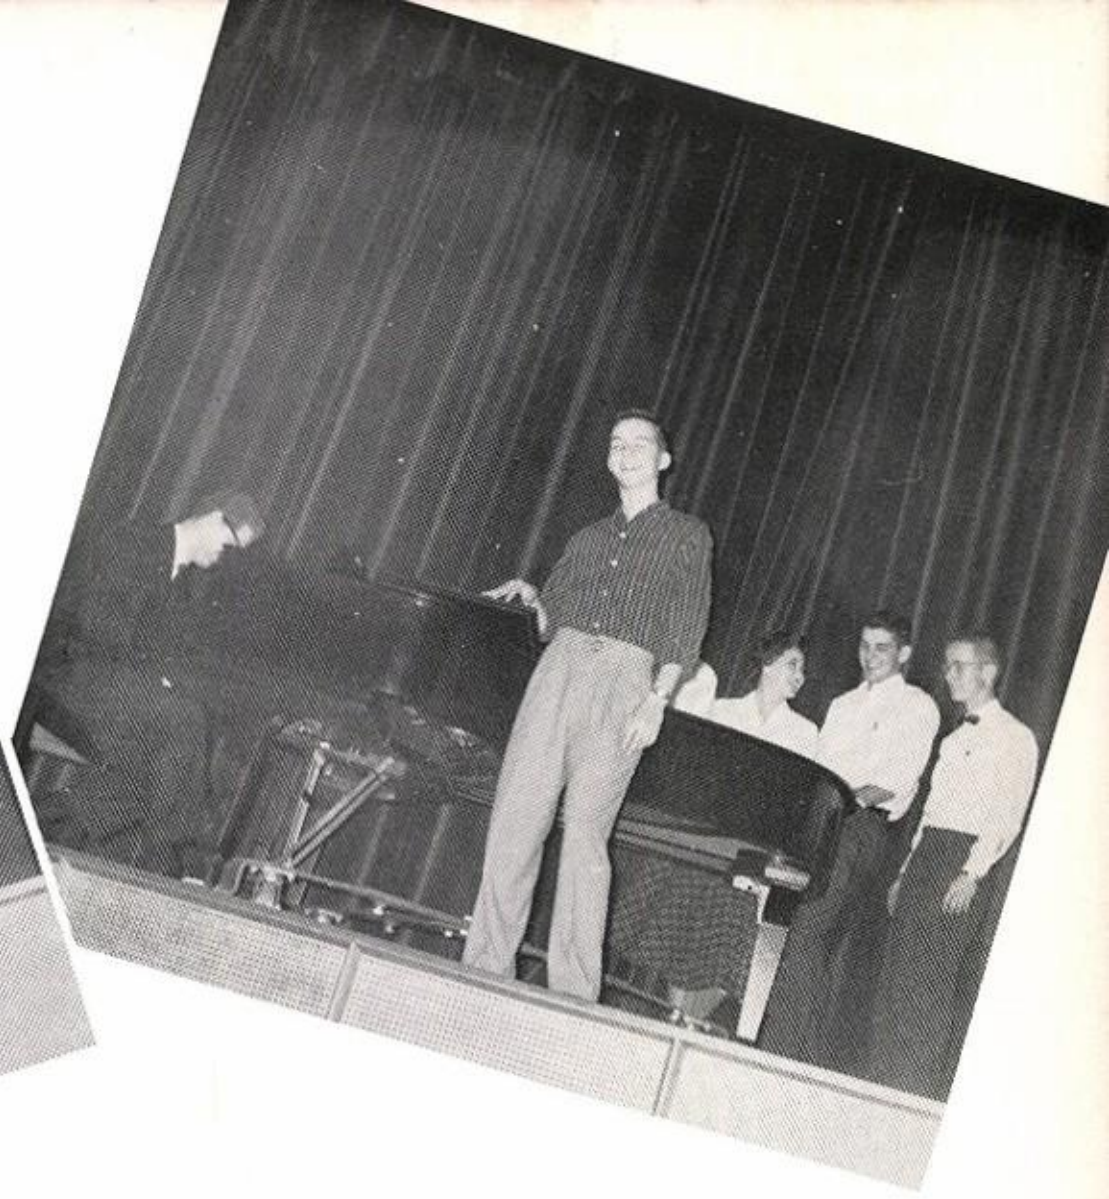
RED CROSS

PEER GYNT



The Gilbert and Sullivan operettas have become an important tradition in the life of Kinkaid ever since Mr. Cooper became headmaster seven years ago. These productions are eagerly anticipated as the leads are posted. This year the principals of *Pirates of Penzance* are—Mabel, Sally Eastham; Edith, Carol Cockrell and Cecile Flude; Ruth, Mary Miller and Sue Shaffer; Isabell, Ellen Rothermel; Kate, Anne Cooper; Sergeant of Police, Chris Little; Pirate King, Bob Everett; Major General, Parker Swanson; Sam, Van Russell; and Frederic, Franklin Stevenson.

Because of the dates of the operetta, March 20, 21, 22, actual performance photographs could not be included in the annual. However here are pictures of the rehearsals.
